

# AUSTRIAN TROOPS HAVE EVACUATED GALICIAN CITIES

## 500,000 MEN TO BE ADDED TO ENGLISH ARMY

### Sharp Fighting Along French Center Continues Into Fifth Day

(Continued From Page 1)

Extend correspondent, telegraphing Wednesday, were forwarded today in car trains to Heirlogom, fourteen miles south of Ghent.

"Near the station of Durne, twelve miles south of Ghent," the correspondent adds, "an engagement took place between a body of British and Belgian gendarmes and cyclist riflemen. The Germans took flight in the direction of Crusschaute and Hupse, leaving behind them fifteen dead and wounded. A German officer was captured."

The London Gazette issued late last night contains a long dispatch from Field Marshal Sir John French, commander of the British forces in France, reporting the proceedings of the field force up to September 7. Section one says:

"The transport of troops from England by rail and sea was effected in the best order and without check. Concentration practically was completed on the evening of Friday, August 21, and I was able to make dispositions to move the force during Saturday to positions I considered most favorable from which to commence the operations which General Joffre requested me to undertake."

"The line extended along the line of the canal from Conde on the west through Mons and Blanche on the east."

### Battle of the Meuse Spreads Destruction

LONDON, Sept. 10.—The Paris correspondent of the Daily Mail gives a description of the battle of Meuse on the Marne, twenty-seven miles north-east of Paris, which he was an eye witness. He says:

"I came upon the battle at Meuse with astonishing suddenness. My motor car had just shot up the rise that overhangs the little town, and there it was before me, in the valley, a dense white cloud of smoke from exploding shells, little clouds of shrapnel bursting in air, showers of black earth ripped out of solid ground, farm houses and haystacks flaming, and German aeroplanes cruising overhead."

"German shells are falling in the field just beyond Meuse but strain our eyes as we may, even through strong glasses, we can nowhere find a German battery replying. Every now and then the French may be seen moving in the trenches."

"Descending to the town, we find a pitiable sight with houses wrecked, the bridge blown into a shapeless mass of ruins, aeroplanes overhead and shells still bursting beyond the town. The streets are like a city of the dead. Only when the chateaux come clattering through the streets and the inhabitants peep out. Through these openings it is curious to see women darning socks as though nothing was happening."

"I tried to get into the fields, but was warned back by an old man. The bombardment still continued as I left Meuse."

### GERMANS EVACUATE

PARIS, Sept. 10.—The Temps publishes a dispatch from Nancy stating that it is rumored there that the Germans evacuated Lunville, fifteen miles east southeast of Nancy, on September 6.

Commenting on this dispatch, the Temps says that what seems certain is that the Germans had to abandon the heights surrounding Lunville.

## SAYS RUSSIANS RALLY TO CZAR

### Ruler Motors Unguarded; Populace As One in Crisis.

By Associated Press.

LONDON, Sept. 10, 1:20 p. m.—Newton Booth Knox, an American mining engineer of San Francisco, who has just reached London from Russia, relates that Emperor Nicholas may be seen motoring through the streets of Petrograd unattended and that apparently he has no more fear of his people than has President Wilson of the United States.

"I noted a wonderful change of feeling in the Russian people since my last visit," said Knox. "A new national spirit has sprung into being. I met the first evidence of this in Siberia, where political prisoners are being liberated. Tolerance is being shown toward the Jews, and there are greater liberties for all the people. I saw Emperor Nicholas driving in a motor car through the streets of Petrograd like a private person."

"All classes are full of enthusiasm for the war. I visited prisoners of war in their camp at Pol Egda. The men apparently were well treated. I saw two German bankers of Petrograd in this camp. They had furnished their rooms luxuriously and were expecting an easy life, but instead they had been sent out to work on the roads."

Knox said that the government is paying Russian peasants double pay for their horses.

## British Fail to Sight German Battleships

By Associated Press.

LONDON, Sept. 10.—The official information bureau issued the following tonight: "Yesterday and today strong numerous squadrons and flotillas have made a complete sweep of the North Sea up to and into Heligoland Bight. The German fleet made no attempt to interfere with our movement and no German ship of any kind was seen at sea."

## Additional British Casualties Announced

By Associated Press.

LONDON, Sept. 10.—Additional British casualties up to September 7 were officially announced today, as follows: Officers killed, 10; wounded, 63; missing, 61; men killed, 61; wounded, 510; missing, 2583.

## WAR DEVELOPMENTS OF TODAY SUMMARIZED

By Associated Press.

Silence of Berlin and Bordeaux up to early afternoon emphasizes the decisive character of the battle fought east of Paris and along a line of a hundred miles or more.

There are indications that the Germans are reinforcing their center, which is bearing the brunt of the British and French onslaught and are making a tremendous effort to regain the ground lost to the allies—estimated by the latter to be twenty-five miles. There are evidences also that the allies are strengthening their left wing.

The Russian advance is described as Petrograd as now occupying almost a straight line from Koenigsberg on the Baltic in East Prussia, to Cracow.

The Russians are said to be driving the Germans before them on the west bank of the Vistula. It is reported the Austrians have begun evacuating Cracow. According to Serbian advices, Serbian troops have crossed the river Save and are successfully invading Hungary. Montenegrin troops are in Bosnia, hoping to incite a revolution in that Austrian province. Premier Asquith has called on parliament to add another half million men to the British army.

Ambassador Page at London has informed President Wilson that Great Britain is determined not to make peace until Germany is decisively defeated.

## Kaiser to Destroy French Militarism

By Associated Press.

NEW YORK, Sept. 10.—Straight from a long talk with the German Emperor in Berlin, H. Von Eckhardt, the new German minister to Mexico, asserted today that the Emperor had no thought of abandoning his plan to besiege Paris, that a German army would take the city and that all France would be subjugated by the German arms, "not to keep it away, but to destroy forever the menace of French militarism."

Regarding Russian victories von Eckhardt said: "Germany is not alarmed by the Russian advance toward Berlin. First, let the Russians take Koenigsberg, then we will talk about Berlin."

"Von Eckhardt said that he was awaiting word from Washington as to the status of the authorities in control of Mexico. He would not present his credentials to any government not formally recognized by America, he said, although he might go to Mexico to observe affairs there."

## Report Skirmishing in Antwerp Vicinity

By Associated Press.

LONDON, Sept. 10, 10:35 a. m.—A dispatch to the Central News from Amsterdam says:

"Reports from Futen, in the Netherlands near the Belgian border, indicate that skirmishing in which the artillery is engaged, has occurred northeast of Antwerp. Many houses near Antwerp were demolished by the Belgians to provide an unobstructed field for the artillery."

"The inefficiency of the forts at Antwerp, through the failure of the Krupp to carry out their contract has been made good and Antwerp is now considered nearly impregnable."

"It is understood that only 20,000 German troops are between Antwerp and Brussels, mainly from the Landwehr. Prince Eudouin de Ligne died in Antwerp yesterday as a result of wounds received in fighting. He was only 13 years old."

## American Refugees Apply for Relief

By Associated Press.

LONDON, Sept. 10.—Five hundred American refugees applied today to the American committee for relief. They came chiefly from Germany, and many of them looked like immigrants arriving at Ellis Island. Some of the women were shawls over their heads and many were unable to speak English. Up to the present time there have been no symptoms of any dangerous illness among refugees from the Continent, but the English authorities are taking extra precautions to prevent the introduction of disease into Great Britain.

## JAPANESE DENY REPORT SENDING MEN TO EUROPE

By Associated Press.

TOKIO, Sept. 10.—The declaration was made by the foreign office today that there was no truth in the report circulated in Tokyo and elsewhere that Japan had been in negotiation with Great Britain concerning the dispatch of a Japanese army to Europe.

A message from Vienna says it is officially admitted there that Archduke Frederick lost 120,000 men in the recent fighting in Galicia.

The detailed expenditures of the British army during the first week of fighting in France are told in the report of Sir John French, commander of the British expeditionary force and made public in full today. Sir John describes his forces as making an orderly withdrawal in the face of overwhelming odds. The report makes no reference to events subsequent to August 28.

A despatch from Tokio says that Japan has been made a party to the agreement by which none of the enemies of Germany and Austria will make peace without the previous consent of the allies.

In Petrograd it is believed Austria will soon sue for peace in order to avoid the dissolution of the dual monarchy.

A Copenhagen despatch says that a large German squadron has been observed along the Gulf of Bothnia, steaming east.

## French Note Denies Dum-Dums Are Used

By Associated Press.

BORDEAUX, Sept. 10, 11:45 a. m.—The French foreign office today issued a note protesting strongly against the statements given to the American press by the German government, accusing the allies of using dum-dum bullets.

"It is to be feared that these charges," the note says, "are but a pretext for the use of dum-dum bullets by the German troops, as well as to cause a reaction of American opinion in favor of the German army. The German government is carrying on a similar campaign in Copenhagen."

## German Steamships Captured by British

By Associated Press.

LONDON, Sept. 10, 4:40 p. m.—The German ships Orlando and Goldbeck, the latter from Tacoma, Wash., for London, have been captured by British vessels in the Atlantic.

The Orlando left Mejillones, Chile, on Sept. 7, for the Pacific coast. The Goldbeck, a German bark, sailed from Tacoma on April 23 for London and was reported as having passed the Lizard yesterday.

## German Prisoners May Sweep Sea of Mines

By Associated Press.

LONDON, Sept. 10.—That German prisoners are pressed into the service of the highly hazardous work of sweeping the North Sea of mines was a suggestion made in the House of Commons today.

Great Britain now has many small posts engaged in this task and German prisoner crews under British officers would handle such craft if the plan outlined were adopted.

"The officers were very particular as to the length of time I had been in the country and whether or not I had taken out papers in citizenship," he said. "It was not until I produced discharge papers from the United States army for the Spanish-American war that they finally passed me through the lines."

"Business in Edmonton and Calgary is practically at a standstill. City officials have volunteered their services without salary. Until war was declared Calgary and Edmonton were thriving cities. There were a great many French in that country. It was not an uncommon sight to see signs offering businesses for sale with the explanation that the owners were returning to France to join the army. In many instances businesses were almost given away. Whole families have vacated their men from the road. Foodstuffs have soared in price and there is a general depression on all sides."

Platt said that when he left Edmonton, ten days ago, troops were already being moved to the Atlantic coast for transportation to England and that indications were that another call would be made.

"From all appearances it will be a long time before conditions become normal in the provinces," he said.

## BELLIGERENTS TO SIGN U. S. TREATY

### New Convention Prevents This Country From Being Drawn Into Conflict.

(Continued from Page 1)

of far-reaching importance. While negotiations were begun before the European war broke out their consummation practically will safeguard the United States from being drawn in over any question of neutrality or other controversy.

With the signing of treaties with Great Britain, France, Spain and China, the number of pacts of this kind negotiated by Secretary Bryan and known as "Investigation treaties" will number twenty-six. Nineteen already have been ratified by the Senate.

The treaties with Great Britain, France, Spain and China provide "that all disputes of every nature whatsoever, to settlement, when diplomatic methods of adjustment have failed, be referred for investigation and report to a permanent international commission, and they agree not to declare war or begin hostilities during such inspection and before the report is submitted."

## JAPAN JOINS AGREEMENT.

By Associated Press.

PETROGRAD, Sept. 9, via London, Sept. 10.—A despatch from Tokio states that Japan has joined in the agreement of the allies not to conclude peace without the consent of the allied nations. Japan has informed Russia, the despatch says, that she will not make peace with Germany until the war in Europe is ended, even if Japanese occupied Kiao Chow before then.

## ENGLAND NOT FOR PEACE.

By Associated Press.

WASHINGTON, Sept. 10.—Great Britain is determined not to make peace until she has decisively defeated Germany. This sentiment has been voiced by President Wilson in dispatches from Ambassador Page at London.

## Will Care for Vast Obligations of N. Y.

By Associated Press.

WASHINGTON, Sept. 10.—Assurances were given the federal reserve board today by J. P. Morgan, Jacob Schiff and Benjamin Strong, New York bankers, that a syndicate of New York banks will care for \$100,000,000 in obligations of the city of New York, held by European creditors, without requiring assistance from banks in other parts of the United States.

This means that only about \$70,000,000 need come from outside New York to meet other European obligations. According to the New York bankers, a syndicate has been formed to underwrite the \$100,000,000 but its terms have not been accepted by its members. The board has not definitely decided to adopt the bankers' plan for meeting European obligations, but is still considering its details. In principle it will be accepted, it was said today but the board may decline to carry out some details suggested in it.

## Exaggerated News of Belgian Destruction

By Associated Press.

WASHINGTON, Sept. 10.—The German Embassy today received the following wireless from Berlin: "Herr Helfferich, director of the Deutsch Bank, after touring Belgium, states: 'News of destruction of Belgian towns is exaggerated. Verviers and Tirlemont, industrial centers, and Charleroi quiet intact, Louvain and Dinant only partly destroyed.'"

"After the surrender of Ghent, a German officer was indignantly killed and another wounded."

"The Russian cavalry burned from sheer lust of destruction although there was no fighting in that district, the splendid castle of Count Mirbach, the Russian parliamentarian."

## Orders Search for Military Shirkers

By Associated Press.

BORDEAUX, Sept. 10, 3:05 p. m.—Minister of War Millerand has sent a circular note to the generals commanding the several districts of France ordering them to institute a vigorous search for all persons who have failed to respond for military service as required.

## Turkey Abrogates Her Special Privileges

By Associated Press.

WASHINGTON, Sept. 10.—A Russian Bey, the Turkish ambassador, was advised today by his government that all conventions between the powers and Turkey conferring special privileges or restricting the sovereignty of the Porte have been abrogated.

## CANADIAN EMIGRATION LAWS RIGIDLY ENFORCED

Indications that England is anticipating a draft of troops from her Canadian provinces, in addition to a call for 500,000 regulars recently issued, were observed by Samuel W. Platt, former steward at the emergency hospital here, who returned today from Edmonton and Calgary, where he has been engaged in business for the last six months.

Platt had difficulty in getting out of Canada, being subjected to a strict examination and questioning before he was permitted to cross the border. He stated that many men who attempted to enter the United States had been turned back.

"The officers were very particular as to the length of time I had been in the country and whether or not I had taken out papers in citizenship," he said. "It was not until I produced discharge papers from the United States army for the Spanish-American war that they finally passed me through the lines."

## WAR NEWS IN BRIEF

By Associated Press.

LONDON, Sept. 10, 7:10 a. m.—Dispatches from Berlin say that the incorporation of Belgium as a part of the German empire already is being treated as an accepted fact by a large part of the Berlin populace. Officially, however, it will at least be included in the Zollverein—the German customs union, to which it is also suggested, Austria may be admitted.

By Associated Press.

ROME, via London, Sept. 10, 6:25 a. m.—The Tribune's Vienna correspondent states that 6000 wounded arrived in Vienna on Tuesday, 5000 on Monday and 9000 on last Sunday. About a third of these are Germans. Budapest and Prague also report the arrival of large numbers of wounded.

By Associated Press.

PARIS, Sept. 10, 3:15 p. m.—The French war department did not issue the customary communication this afternoon regarding the military operations of the allied armies.

By Associated Press.

LONDON, Sept. 10.—A dispatch to the Central News, from Constantinople says that bubonic plague is causing severe ravages among the Turkish troops at Smyrna and other stations.

By Associated Press.

COPENHAGEN, via London, Sept. 10.—William Gadeke, the German Consul at Abo, Finland, is reported to have been shot as a spy by the Russian authorities.

By Associated Press.

LONDON, Sept. 10.—There was no mention yesterday of the operations in France from Berlin through official channels. This was the third day, it was noted, that such mention was lacking.

## Accedes to Request of R. R. Executives

By Associated Press.

WASHINGTON, Sept. 10.—President Wilson has acceded to the request of the railway executives who asked him to call for attention to the pressing necessity for support of railway credits by the co-operative and sympathetic support of the public and all governmental authorities.

Today he sent a letter to Chairman Frank T. Trumbull of the Chesapeake and Ohio board, pointing out that a great measure of the Nation's prosperity is dependent on the condition of the railroads.

President Wilson's letter to Mr. Trumbull was as follows: "Since you read it to me yesterday I have read again the statement you made on behalf of the committee of railroad presidents whom I had the pleasure of meeting and conferring with at my office. It is a lucid statement of plain truths."

"You asked me to call the attention of the country to the imperative need that the railroads be sustained and the roads helped in every possible way whether by private co-operative effort or by the action, wherever feasible, of governmental agencies, and I am glad to do so, because I think the needs are real."

"I cannot say that I entertain any deep anxiety about the matter, except, of course, the general anxiety caused by the unprecedented situation of the money markets of the world—because the interest of the producer, the shipper, the merchant, the inventor, the financier, and the whole public in the proper way and efficiency of the railroads is too manifest. They are indispensable to the whole economic life, and railway securities are at the part of the most investments large and small public and private, of individuals and institutions."

## SURE OF CO-OPERATION.

By Associated Press.

"I am confident that there will be active and earnest co-operation in this matter, perhaps the one common interest of our whole industrial life. Undoubtedly men both in and out of official position will appreciate what is involved and lend their aid heartily wherever it is possible for them to lend it."

"But the emergency is in fact extraordinary, where there is manifest common interest whatever is saying and speaking out in its behalf and I am glad to join you in calling attention to it. This is a time for all to stand together in united effort to comprehend every interest and serve in every legitimate way."

"I am sure that the railroads are effectively against whatever is saying and speaking out in its behalf and I am glad to join you in calling attention to it. This is a time for all to stand together in united effort to comprehend every interest and serve in every legitimate way."

"I am sure that the railroads are effectively against whatever is saying and speaking out in its behalf and I am glad to join you in calling attention to it. This is a time for all to stand together in united effort to comprehend every interest and serve in every legitimate way."

## Congressmen Adopt Conference Report

By Associated Press.

WASHINGTON, Sept. 10.—The House today adopted the conference report on the Trade Commission bill. It has already been approved by the Senate and now goes to President Wilson for signature. The President will not nominate the commissioners until December, he announced today.

## BASEBALL CLUBS GIVE MONEY TO RED CROSS

By Associated Press.

WASHINGTON, Sept. 10.—The American Red Cross today received \$1200 from the American League Baseball Clubs, \$1653 from the National League and \$1000 from Mrs. Albert Halstead, wife of the United States Consul at Birmingham, England.

## STRIKES MINE; SINKS.

By Associated Press.

LONDON, Sept. 10, 5:40 p. m.—A dispatch to the Star from Newcastle says the steamer Otawa struck a mine off Northumberland, yesterday, and went down. So far as is known, none of the crew of twenty-six men was saved. Wreckage from the Otawa, which was coming from Norway, has been found.

## HUMANITY SOCIETY TO CONVENE.

By Associated Press.

SAN JOSE, Sept. 10.—The annual convention of the State Humane Society of California convened this morning in the Chamber of Commerce building. B. M. Spencer of Santa Rosa presided. Last night the delegates were entertained at a reception at the Hotel St. James. Mayor F. R. Husted delivered the address of welcome.

## GENERAL MADE PRISONER.

By Associated Press.

EL PASO, Sept. 10.—Antonio Rabago, a federal general, was a prisoner today at Chihuahua City, where he will be tried for the alleged murder of Abraham Gonzalez, governor of Chihuahua, under President Madero. Rabago was brought from Mexico City, where he was captured after the collapse of the Huerta government.

## HEAVY AUSTRIAN LOSSES REPORTED

### Meet Disaster in Effort to Resume Offensive Against Russians.

(Continued from Page 1)

from the point where the Austrians are now fighting their last fight.

"When Austria is disposed of Russia will immediately begin a westward march on a front 200 miles wide that will sweep like the tidal wave a cross the German empire."

"The key to the whole tactical situation at Rawa, where the Austrians are making a desperate struggle to prevent the Russian advance movement. It is the last stand of an out-maneuvered army and defeat means annihilation."

"The Russians also are attacking Grodeck, sixteen miles west of Lemberg, the last of the Austrian line of defense on the Carpathian front at Rawa."

"The country where this great fight is in progress is admirably suited to Russian tactics. It is fairly level but broken up by a number of considerable hills and is well watered by numerous small streams and fringed with woodland. The population is scant, as it is a sheep country and the shepherds are now away with their flocks in the lower spurs of the Carpathian mountains."

"At the approach of this natural death trap it is the object of the Russians to drive the enemy's entire force."

Others urged that it was useless to suffer the bombardment of Cracow when there was no chance for Austrian success. Sixty vodka shops in Petrograd, which were closed following the declaration of war, have been converted into centers for the assistance of families of reservists.

## Victorious Russians March By Night to New Positions

By Associated Press.

PETROGRAD, Sept. 10.—The following references to the progress of the Russian campaign in Galicia were made public today through official channels:

"The continued offensive movements of the Russian troops make it impossible to establish definitely the quantity of trophies taken from the enemy."

"The Russian army, having occupied the fortified position of the Austrians at Nicolaieff, south of Lemberg, in Galicia, after incessant fighting which lasted two days, undertook immediately after allowing the men only two hours of rest, a night march for the purpose of attacking new positions occupied by the enemy."

"Entered into Russian hands, as fast as they fall into Russian hands, are sent to railroad stations bordering on the battle front. These prisoners are not even enumerated."

"A Russian battery placed on the Vistula, and armed with success an Austrian steamboat armed with rapid-fire guns."

"A Cossack regiment brought in from Przemysl seventeen officers and 445 Austrian soldiers, who had been taken prisoners; also numerous contrabands."

"The regimental strong box, containing \$23,800 belonging to the Seventeenth Landwehr, was captured."

"Twelve miles southeast of Zamosc (a town in Russian Poland sixty-five miles southeast of Lemberg), a Russian infantry regiment took prisoners 700 Austrian soldiers and their officers."

"Important Austrian reserves have been sent into the region between Rawa Ruska (thirty-two miles northwest of Lemberg) and the Dunajec."

"It is estimated that German soldiers have dispatched wounded Russian dragons in the region of Velugue."

## Russian Invasion Part of Austrian Strategy of War?

By Associated Press.

MISTEADAL, Sept. 10.—According to dispatches received here from Vienna, the people of the Austrian capital have now been informed that the Russian invasion of east Galicia was all part of the strategic campaign of the Austrian department of war. It was intended, the people of Vienna have been told, to induce the Russians to invade Galicia. This has now been entirely successful and it is not necessary to permit the Russian invasion strategy and follow the Russian into the steps and morasses of Russia."

The dispatch from Vienna relates that Lemberg was not taken by the Russians by force of arms, but surrendered to them after the Austrian troops had left. The Galicians are said to remain confident.

## AUSTRIA NEAR CRISIS.

By Associated Press.

LONDON, Sept. 10.—A dispatch to the Chronicle from Petrograd says: "In Russian and foreign diplomatic circles it is believed that Austria will sue for peace within a fortnight, as the only means of avoiding a complete breakup of the empire, caused by rapidly growing internal troubles."

A dispatch to the Reuter Telegram Co. from Petrograd says: "Conservation of the town has begun. The evacuation of the town has begun. The authorities are trying to induce the members of the local rifle club to remain and assist in the defense of the place. Many, however, have resigned their memberships because of sympathy with Russia."

## Acts as Peacemaker; Gets Into Quarrel

## WORTH JOB TO ATTEND MEETING

President of Labor Council Testifies Before Industrial Relations Commission.

By Associated Press.  
LOS ANGELES, Sept. 10.—The employee of the Baker, Union or Llewellyn Iron Works here who attends a union labor meeting is flouting with his job, J. E. Timmons, president of the Central Labor Council, today testified before the Federal Industrial Relations Commission. "I have known a man to attend a labor meeting one night and, whether he affiliated himself with the organization or not, he would be discharged the next morning. He would be told that it was known he had attended a labor meeting and his employers could not stand for such a thing."

"This does not apply so particularly to the Baker Iron Works as to the others, but the superintendent of that plant has told me that a blacklist is maintained there for union labor men."

Mr. Timmons also insisted that iron workers in non-union plants some day here, while in San Francisco the scale was \$6 a day. The union scale here is \$4.

"The steel trust seems to have reached out here and touched the poor steel worker," the witness said.

"The witness also declared that non-union employees would be taken from the hall of records in a wagon to another point, where they often had to work on steel that was going into the Hall."

John Craig, a shipbuilder, and R. J. McDonald, a lumber dealer, both insisted that they had found the evidence of non-union labor profitable because their men were better contented than if they were organized.

The free American workman would rather deal with the superintendent than the walking delegate, McDonald said.

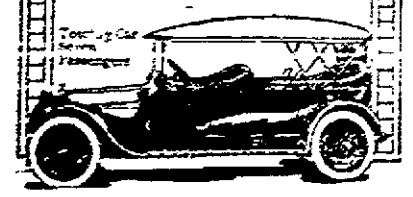

McDonald also declared that 65 per cent of his employees own their own homes. He pays no employee less than \$2.50 a day. Both witnesses endorsed the workmen's compensation act. They thought the rates of insurance should be lower, but admitted that in bidding on contracts they included insurance cost.

## SEASON'S FINEST MODE ON DISPLAY FOR WOMEN

Dictates of Fashion in Attire Are Shown in Oakland's Mercantile Center

and fastidious Oakland shopkeepers recall the early Victorian period, when the woman's wardrobe was the wardrobe of the woman. The wardrobe was the wardrobe of the woman. The wardrobe was the wardrobe of the woman.

A cordian glancing has come into its own. The wardrobe of the woman is the wardrobe of the woman. The wardrobe is the wardrobe of the woman. The wardrobe is the wardrobe of the woman.

For afternoon dresses this season, a combination of a taffeta blouse worn with a tunic skirt, the latter being of a soft flimsy, cobwebby lace, will be worn. Doucet introduced this effect in early models, using lace profusely, especially in the bodice and sleeves.

In many of the designs of Paquin, the waist line has been dropped almost to the hip, and all of the noted designers have followed suit in eliminating this line altogether by dropping it low, bringing back the vogue of the Moyaen Age by use of the redingote, too, with its graceful lines, a two-tone combination being shown quite profusely in the shops—one style particularly being the accordion pleated skirt of one shade combined with the redingote of pleasing blue.

For afternoon dresses this season, a combination of a taffeta blouse worn with a tunic skirt, the latter being of a soft flimsy, cobwebby lace, will be worn. Doucet introduced this effect in early models, using lace profusely, especially in the bodice and sleeves.

Separate coats of three-quarter length are being shown in all of the exclusive houses for street and machine wear. There has been no diminution of the popularity of the cape, many of the coats showing just a suggestion of the effect in the collar, while others effect the regulation flowing wrap, sometimes attached with sleeves, and again having the long tabs to be crossed, and either tied in the back or brought around in girder effect.

**THE FABRICS.**  
The materials for the main basques are shown in the new gabardine, zibeline, serge, broadcloth, prunella, corded wools, stripes, checks, plaids, daveny, taffeta, charmeuse, metiers and crepe de chine.

The wrinkled or draped basque will be the fashion for the season. Broadcloth, cashmere, silk velvet, taffeta, satin, lace, tulle, chiffon and the crepes and metiers.

For the redingotes, built on straight Russian lines, gabardine, corduroy, mixtures, wool velvets, plush, fur cloth and corded velvets will be used. Basque redingotes will be made of daveny, corded silk, velvet, silk plush, broadcloth and gabardine.

The sports cape and cape coats are shown in tweeds, homespuns, chinchilla, double-faced materials, checks, covert cloth and serge.

Capes and cape coats for suits and separate wear are made of wool velvets, corduroy, daveny, gabardine, corded silk, fur cloth and plush. By the way, the cape lining is almost as important as the cape itself, and is usually shown in contrasting color as an expensive touch.

Satin, silk, crepe, de chine and figured silk are shown in almost all of the shops as linings and finishings for these necessary accessories of the toilette.

Everywhere we saw separate vests, furs and fur trimmings, stripes and laces. The predominant colors for the season will be green and blue—new and varied shades in these colors. While the fabrics are of wide range, the styles will run close to the redingote, the basque and the tunic. Even the evening dresses will feel the influence of the current styles, the basque girdle, shorter and wider skirt and tunic effects being strongly marked. The broadcloth, velours and figured silks and crepons of our grandmothers' days have all come into their own this year, and while the eye is not so much attracted to the new styles, the designer to persuade madam to take up, in a moment as it were, what she discarded to the garret not many moons ago.

**AT CAPWELL'S.**  
This afternoon one of the most unique and interesting fashions ever held in Oakland was seen at Capwell's when Mrs. Milo Steel, the Capwell matriarch, posed, garbed in the newest Parisian importations, in a large gilded frame, making a most attractive and beautiful picture, and giving an idea of the latest models and effects otherwise impossible to obtain.

The imported models are of an unequalled smartness and variety. Stunning street and afternoon costumes in broadcloth, corded velour, wool velvets and daveny, are shown, trimmed in chinchilla. Black point d'acier from Paris is also shown.

The evening gown of silk-velvet, zibeline and broadcloth satins are very beautiful, particularly a Robert model in coral pink velvet, with a bodice of Point d'Alencon lace, the skirt long and clinging with the new Corsack drap. Another smart evening gown, in Callot blue, hand-made, bordered in silver, was particularly stunning. While costumes for evening wear in taffeta, crepe metier, charmeuse and broadcloth silks are shown in bewildering variety.

One of the most unique wraps of the season is a long, flowing reversible coat lined in tiger skin, with collar and cuffs of the same fur.

The Capwell hats are also most exclusive and original, owing to the fact that all through the summer their designs were in vogue, leading the latest ideas from the Parisian costumer. Now each hat over \$15.00 in price is either the exact copy of a French model or a slightly modified shape, exactly suiting the Californian style and type.

One of the most stunning imported novelties seen in many a long day is a three-piece set, hat, neckpiece and muff, from Camille Rogee. The hat is a turban of black monkey fur, is trimmed with pale yellow ducklings and the same idea is carried out in the neckpiece and muff.

**AT KAHN'S.**  
The season's fashions were shown at Kahn's, which opened this afternoon, with particular interest to the smart shoppers of Oakland, owing to the fact that the French models were imported earlier than usual this year, the last shipment arriving in New York on August 2, so that all of our

were in vogue the declaration of war.

But a novel way of exhibiting them has been hit upon, which it is hoped will meet the needs of the public in a more practical way. A large number of extra saleswomen will be on hand, whose sole duty will be to give personal and expert advice, attention, by showing all models in which they are interested quite regardless of whether they purchase or not.

Yesterday there were many new and exclusive creations, which will be first shown to the public on Thursday. There is a great variety of evening wraps, fashioned from cut velvets and oriental brocades, richly trimmed in fur, of which chinchilla, white fox and ermine seem the most popular.

Fur, too, is much used in the evening gowns, which are made of new and beautiful fabrics, such as cascade, silk velvets and lace. One model, particularly new and attractive was a tier gown made of six tiers of white pleated satin.

**THEIR HATS.**  
Kahn's hats, of which there is a great number and variety, show all that is new in design and coloring. Fur, call velvet and silver, ostrich, newmiddy, feather bandings and flowers, are among the newest trimmings used. In coloring we seen Russian green, tete de Negre brown, cobalt blue and plum. The shapes are all very small, intermediate sizes are hardly seen.

**TAFT & PENNOYER.**  
Just to pass by the bewildering beautiful show windows of Taft & Pennoyer's is enough to drive the normal woman quite distracted, so alluring and unusual are the displays there this year. But when inside, looking at the exquisite importations and models which have just come in from New York and abroad, even the show windows are forgotten. There are evening gowns of all imaginable cuts and styles, in broadcloth, laces and crepes, and new shades, however, which bids fair to become quite the rage this autumn. Is the lovely orchid pink. One costume, seen there quite recently, was of this color, with a trimming of black monkey fur and silver brocade. Other gowns in gold and silver lace and black net and jet, with pearls, crystals and chiffons are now on exhibit. The suits for street and afternoon wear are also shown, all modeled on the latest things from Paris and Vienna.

Coats and evening wraps of all sorts are shown, the coats done in combination of velvet, brocade and monkey fur, are something entirely new and exclusive.

The hats, that is, all the exclusive models, are either very large or very small. Intermediate shapes, though, are the considered at all smart this season. Imported models from Paris are shown. The Georgette model, are all mostly large, in the sailor shape, trimmed simply in cut velvet flowers or ostrich feather bands. Reboux and Louise, on the other hand, show only the small, chic hats, in the very nearest shades, such as midnight blue, the wine colored Blanche and Tete de Negre.

**HALE'S.**  
The showing at Hale's this season are particularly attractive. Suits at popular prices in English tweeds, serges and broadcloths are in great variety, while the three-quarter length, corded coats are among the smartest in this city for many seasons.

Hats of medium size in velvet with ostrich and cut flower trimmings line the windows and all the newest furs, such as seal, mink and fox, are shown in many new designs.

**TOGGERY.**  
At the Toggery the new display of fashionable goods this season is most alluring. Suits ranging in price from \$25 up, in the latest cuts and materials, have been imported directly from New York. The choice and variety of the materials used make these models of decided interest to the shoppers of Oakland. Imported tweeds, chignon broadcloths, the new fur fabrics, such as Pomorie, are shown in all the latest cuts and styles. The evening gowns, blouses and tunic and Corsack-drape skirts are also shown.

**EASTERN CLOAK & SUIT COMPANY.**  
The very latest New York models, as well as many copies from abroad, are being shown this season at the Great Eastern Cloak and Suit Company. The latest cuts and styles of the newest materials, such as broadcloth, tweeds and velvets and the beautiful English serges, are shown. Also the furs and three-piece suits in ermine, martin, fox and seal are shown in great variety and in very smart designs. The three-quarter length coats are all in full or three-quarter length.

**LA FRANCE.**  
At the La France Waist Shop all that is new and beautiful in the line of the waist, and all the latest styles of costumes, made of the newest materials, such as broadcloth, tweeds and velvets and the beautiful English serges, are shown. Also the furs and three-piece suits in ermine, martin, fox and seal are shown in great variety and in very smart designs. The three-quarter length coats are all in full or three-quarter length.

**S. N. WOOD & CO.**  
At S. N. Wood & Co. there are great bargains in women's suits to be found. Redingote costumes, short jacket suits, with the new draped and tunic skirts. Ruched and draped dresses are shown in all the very smart models. The most used materials this season seem to be broadcloth, serge and poplin, and the new colorings, as dark green, wine red, corseus blue and brown are all there. A splendid line of women coats, ranging from the regular coat to the latest shapes, are also there.

**HEESMAN'S.**  
Heesman's have a showing this season in keeping with their usual reputation for high-grade, strictly tailored and fancy suits. We have a varied display of redingotes, so immediately popular of account of their practicability, and also the long line effect afforded by this cut. This shop is showing a number of particularly smart suits in the new wistaria shade.

**PACIFIC CLOAK AND SUIT HOUSE.**  
The Pacific Cloak and Suit House is showing this season on practical suits, coats, and dress suits, at popular prices. The separate skirt comes in the overskirt effect, with Roman stripe bordered bottoms, the latter in heavy woolsens as well as in the finer materials. The Balmaine, so strong during the summer and fall, will be worn again this season, although built on fitted lines. The one-piece dresses are all of plain and striped materials—the season's vogue—with tunic effect predominating.

**MOSEBACHER'S.**  
Mosebacher's have a handsome window display of fashions for men and evening gowns, fashioned either in the long Russian tunic or with the many ruffles of flounciness. Some of the gowns show as many as seven accordion pleated ruffles or flounciness of billowy lace, the waist line totally eliminated, in many instances,

bringing out the basque effect. In some instances, the bodices practically form the entire waist, while in others the bodice, ending with a broad sash or girde of the Moynan are shown. This shop has a big stock of fancy and tailored suits as well as heavy and opera coats.

**FRIEDMAN'S.**  
At Friedman's, we saw the redingote which the Paris dressmakers early in the summer "dived, bulle either of a plain or pleated skirt. These suits are popularly priced and bid fair to have a strong sale. Tunic effects were displayed in almost all instances, in some form, the Russian tunic, the most popular on account of its length. It is always full, therein lying its success in the sharp contrast drawn between the full overskirt and the narrow base of a blending or Roman stripe. The one-piece suits at this store are made of serge, all kinds of silks, crepes, gabardines, zibelines and woolsens. We saw a few importations in evening gowns and coats, which Friedman's were fortunate enough to get in before the war put an end to creations arriving from the other side.

**COSSGRAVE'S.**  
Cossgraves are showing a big line of immediate, every-day-wear suits, dresses and waists. One importation shown was a brown duvety, trimmed in Fitch fur. By the way, fur trimming will be very popular this season, and handsome sets of furs in all skins are shown in the store. Another handsome fancy ready-to-wear suit shown at Cossgraves is a green zibeline tunic effect falling over a

black broadtail base. The tunic is pleated. The coat smacks of the basque effect in the front with a redingote back. A waist of cloth of gold completes the suit, which is slightly trimmed in just touches enough of the broadtail to lend a decidedly French air to the costume.

**NEW STREET WORK IS PASSED BY COUNCIL**

## BAR ASSOCIATION HONORS MEMBER

M. C. Chapman Presides Over Memorial Services for Thomas F. Graber.

Memorial services for the late Attorney Thomas F. Graber, who died suddenly in Berkeley last week, were held in department four of the superior court this morning, under the auspices of the Alameda County Bar Association. President M. C. Chapman presided. The judges of the court sat en banc. Judge William H. Wages delivered the eulogy for the court.

Chapman paid a high tribute to the departed member of the bar, saying in part:

"From gladsome cradle to grave—some grave he led a life of honesty, integrity and restless energy." Attorney Charles L. Colvin, former law partner of Attorney Graber, also spoke in high terms of the deceased man, who was one of the well-known attorneys about the bay.

## Big Shipment of European Brushes Came In Just in the Nick-o-Time

Our Brush Customers Will Enjoy the Old Prices on Imported Brushes as a Consequence of Our Great Fortune.

Just before the present European disturbances we were fortunate enough to receive a large importation of brushes. This not only assures our patrons of a good assortment of fine brushes, but also protects them against higher prices, because the order was filled at the regular quotations and will therefore, of course, be satisfactory to receive this shipment, which, by the prices.

## SPECIALS

Some of the ingredients contained in the following articles are of European origin, therefore special prices are particularly attractive at this time. Consequently, get a year's supply FRIDAY. You'll make no mistake.

**BOWMAN'S 25c VERGO VIOLET TALCUM POWDER**—It's just like selling two-bit pieces at a discount. Special Friday. 17c

**BOWMAN'S 75c VERGO VIOLET TOILET WATER**—Flower essence comes from France, which fact will probably prohibit future "specials" on such articles as this. Special Friday. 43c

**BOWMAN'S 25c AROMATIC CASCARA**—A wonderfully popular two-bit article. Special Friday. 17c

**BOWMAN'S 25c ARGENTINE ANT POISON**—Kills off the colonies. To be used in the garden. Advised by U. C. authorities. Special Friday. 17c

**BOWMAN'S 25c ANTI ANT**—Drives them away. To be used in the house. Very effective. Special Friday. 17c

**BOWMAN'S KLEENZOL**—Cleans spots off of anything. Best in its line. Special Friday. 17c

**25c Bottles for 17c**

**50c Bottles for 33c**

**BOWMAN'S 25c LISTERATED TOOTH POWDER**—Cleans the teeth, antiseptic. Advised by dentists. Special Friday. 13c

(One pkg. of each of these two dental preparations for 25c.)

**EN. ISH TOOTH WASH**—Good to use after meals, with tooth powder, regularly 35c. Special Friday. 13c

**BOWMAN'S BENZOIN CREAM**—For rough, chapped skins. A good preventative for sunburn. A handy household remedy. Special Friday. 50c Size 33c

**25c Size 17c**

**BOWMAN'S 25c PEROXIDE CREAM**—A popular face cream that whitens and softens the skin. One of our best sellers. Special Friday. 19c

**BOWMAN'S 50c PRECEDA FACE CREAM**—A liquid face powder that does not easily rub off. Many of our customers praise its merits highly. Special Friday. 37c

**A FIFTY-CENT BACKACHE PLASTER**  
Many people (even druggists) are surprised that we have a backache plaster selling for 50c. Most backache plasters are 15c or 2 for 35c. Our plasters, however, are no more like ordinary plasters than ordinary plasters are like postage stamps. They sell for four times the price and are at least ten times as good. They are especially made for our trade of red, hot and are of great medicinal strength. If you've never worn one you've missed a real comfort.

**AUTOMOBILE CHAMMOIS**  
Old towels are those that will not get hard—commercially, chammois, you know, is nothing but good old American sheep skin, and it doesn't come from Europe at all. So don't worry about the supply. Auto chammois one dollar.

Antone Frates, accused of having struck and severely injured J. McDermott, was dismissed by Judge Wells of the Juvenile Court today for lack of sufficient evidence.

Sadie Tong, arrested on the complaint of Miss D. Cameron of the Chinese Presbyterian Mission of San Francisco on September 1 was today committed to the care of Miss Cameron for the Juvenile Court.

# SEEK CONVENTION OF CITY MAYORS

Commercial Club Starts Vigorous Campaign for Gathering of Executives.

Oakland may see, in 1915, a gathering of the Mayors of every important city in the United States, if the plans of Mayor John Purroy Mitchel of New York, Mayor Frank K. Mott of Oakland and Secretary Joseph E. Kane of the Oakland Commercial Club are carried out. Following correspondence between the Mayors, after Mayor Mitchel's recommendation that such a conference be held, the Commercial Club has started a vigorous campaign for the season, and has received encouraging replies not only from the New York executive, but also from practically every big city head in the Nation.

The plan was outlined by the New York Mayor at a recent conference of the Mayors of all cities in the State of New York, at which Mayor Mitchel presided. The plan, following this Mayor Mott, reminding Mitchel that the World's Congress of Municipalities is to probably be held in Oakland, suggested that the national gathering of Mayors, at which a great association of city executives will be formed, should be held here at the same time.

Mayor Mitchel enthusiastically agreed to the plan, and Mayor Mott at once enlisted the aid of the Commercial Club in the campaign.

"I have already received the greatest encouragement of the move," declared Secretary Kane, "and, in fact, have received such satisfactory replies that I feel assured that our plan will be a success. What this will mean to Oakland cannot be expressed in mere words. It will be one of the biggest and most important things the city has ever had, and I am more than proud that Mayor Mott seized the opportunity that placed us in a position to make this campaign, which has started under such promising auspices."

The Mayors will hold a week's session, it is expected, and will also remain over for the World's Congress, for it is planned to have the two at about the same time. The nearness of the exposition will also attract for several more days, it is expected. The meetings will be held in the Auditorium, and the Commercial Club will give a series of social affairs in honor of the visiting Mayors.

The visitors will include some of the most famous men in the United States, for the proposed organization will embrace the executives of the greatest cities as well as many of smaller size. It is probable that the session will be the most important for yearly sessions or conventions of a similar nature, at which problems of city government will be studied and great reforms examined.

# OAKLAND SHRINER FETED IN SOUTH

Imperial Potentate Meredith Participates in Los Angeles Celebration.

Imperial Potentate George S. Meredith of Ahimsa Temple, Order of the Mystic Shrine, of Oakland, will return home tomorrow after having participated in the great Admission Day celebration at Al Malika Temple, Los Angeles, where, with the Desert Oasis Ceremonial and other notable affairs the Shriners of the south observed the birthday of the state at the Los Angeles Shrine Auditorium. Potentate George Filmer, of Idaho, San Francisco, and Potentate Carl Helbron, of Al Bahr Temple, San Diego, were also guests at the affair.

A great electric display at the Auditorium, the marching of the band and patrol of Al Malika, and the Al Malika Chanters were features of the big affair. Charles Giblin personally directed the Oasi scene and the following officiated at the ceremonial:

Potentate, Leo V. Youngworth; chief rabbin, Ed R. Maier; assistant rabbin, F. B. Silverwood; oriental guide, Douglas White; first ceremonial master, O. R. W. Robinson; second ceremonial master, Roy Edwards; and marshal, Freeman G. Tied.

The banquet followed the ceremonial, at which the visiting nobles and nobles were guests.

**BABY SWALLOWS DOLL; DIES.**  
SENECA, Kan., Sept. 10.—Ruby Matton, 1 year old, is dead as the result of swallowing a small metal doll, which lodged in her throat. The doll was removed, but the child died the following day from the shock.

# NO MORE ASTHMA AND HAY FEVER!

"I want every Asthma sufferer in Oakland to try my treatment entirely at my risk." Dr. Rudolph Schiffmann announces. "Go to Osmond Brothers' and get a 50-cent package of my Asthma-remedy and should it fail to give instant relief, these druggists will cheerfully refund your money without any question whatever." The Doctor says further, "No matter how violent the attack, how obstinate the case or what else has failed, my Asthma-remedy or Asthma-remedy Cigarettes will give instant relief, usually in a few seconds but always within 15 minutes. Hundreds of unpolitic testimonials abundantly prove what my remedy has done, but I know it will do the same for others. I am so positively certain that it will produce instant relief and will be found the best remedy ever used that I have no fear of authorizing these druggists to give this guarantee or of their being called upon for the refunding of money." No risk whatever is run in buying this remedy under this positive guarantee.

Persons living elsewhere will be supplied under the same guarantee by their local druggist or direct by Dr. R. Schiffmann, St. Paul, Minn.

## ELMHURST CHURCH DEDICATES ORGAN

Special Services Arranged for  
Dedication Exercises on  
Sunday.

ELMHURST, Sept. 10.—The impressive dedication of the new pipe organ installed in St. Louis Catholic church, Elmhurst, Sunday evening, September 13, will be featured by a special musical program, during which well known organists will give selections. Rev. Father J. Klei, pastor of the church, has completed arrangements for the ceremony.

The blessing of the organ will be performed by Rev. Father John J. Cantwell, secretary to Archbishop P. W. Riordan. His Father, Thomas Brennan will preach the sermon. It was thought that Archbishop Riordan would officiate at the ceremony, but he was unable to be present.

The dedication services will commence at 8 o'clock with solemn vespers and a benediction in which the clergy will take part. The order of the service of solemn benediction will be: Adoro Te, Gregorian chant; Tantum Ergo, Gregorian chant; harmonized; Adoro Te, Gregorian chant; Recessional Te Deum, Holy God We Praise Thy Name.

RENDER SELECTIONS.  
Immediately after the service, selections on the organ will be given from Lemaitre, Schenker, Bistate and Massenet. Vocal solos will also be rendered by choir members. The choir, which will consist of a quartet assisted by the regular singers of St. Louis church, will sing the vespers of the day, including the following: harmonized; Magnificat, Werner and Salve Regina, Mercantante.

The choir quartet is: Soprano, Mrs. V. H. White; contralto, Miss Etta O'Brien; tenor, A. E. McMillan; basso, Walton C. Webb. Miss Marie Giorgianni is the organist and choir director.

The name of the donor of the new \$2000 organ, who has hitherto remained anonymous, will probably be given out by Rev. Father Klei during the dedication.

PLANNING BENEFIT DANCE.  
FRUITVALE, Sept. 10.—Churchwomen are planning a dance for the benefit of St. Philip's Episcopal church which will be held in Carpenter's hall, September 25. Arrangements for the affair are in the hands of a committee consisting of Mrs. Dr. Daniel Crosby, Miss Etta Marwood and Mrs. Fred Bain. The dance will be one of the most elaborate social affairs of the season here.

## MIDNIGHT PICNIC FRUITVALE IDEA

Young Hikers Enjoy Back-woods Supper on Redwood Peak.

FRUITVALE, Sept. 10.—A party of young hikers went into the "wilds" of Redwood canyon on a midnight tramp last night. Apart from occasional encounters with thorny bushes and stubbing of toes against unsuspected rocks and trees in the dark. The daring hikers arrived home safely in the early hours of this morning.

They were chaperoned by Mrs. Frank Stanley, president of the Christian Endeavor Society of the Fruitvale Congregational Church, and by a number of other young people.

A campfire was started on Redwood Peak and the midnight picnickers enjoyed a regular backwoods supper in the wee small hours. The members of the midnight hiking were Mrs. Frank Stanley, John Macpherson, Miss Violet Chapin, James Chapin, Miss Lucy Chapin, Logan Stanley, Miss Barbara Mayhew, Miss Carlotta Bestorich, Dean Bestorich, Miss Ruth Carson, Miss Ethel Gibson, Will and York Hoffman and A. Perry.

## Acid Stomachs Are Dangerous

Common Sense Advice by a Distinguished Specialist.

"Acid" stomachs are dangerous because acid irritates and inflames the delicate lining of the stomach, thus hindering and preventing the proper action of the stomach, and leading to probably nine-tenths of the cases of stomach trouble from which people suffer. Ordinary medicines and medical treatments are useless in such cases, for they leave the source of the trouble, the acid in the stomach, as dangerous as ever. The acid must be neutralized, and its formation prevented, and the best thing for this purpose is a teaspoonful of bisulphated magnesia, a simple antacid, taken in a little warm or cold water after eating, which not only neutralizes the acid, but also prevents the fermentation from which acidity is developed. Foods which ordinarily cause distress may be eaten with impunity if the meal is followed with a little bisulphated magnesia, which can be obtained from any druggist, and should always be kept handy.

## VETERAN FIREMAN PASSES BEYOND

Captain W. A. Carew Taken Ill While on Duty Succumbs in a Few Days.

FRUITVALE, Sept. 10.—Captain William A. Carew, one of the veterans of the San Francisco fire department, died at his home, 3234 Logan street, yesterday morning, after a short illness. He took ill while on duty Saturday and although the family did not at first anticipate anything serious his condition rapidly became worse yesterday.

Captain Carew had served forty years in the fire department in San Francisco, joining as a volunteer when only nineteen years of age. He could tell thrilling tales of fire-fighting in the early days of narrow escapes from the flames and daring rescues. He was popular with his comrades and was recognized as one of the most capable of the fire chiefs across the bay.

Decedent was a member of the Veteran Firemen's Association, the Firemen's Widows' and Orphans' Association and the Order of Foresters. He was born in Sydney, Australia, coming to California at an early age and joining the volunteer fire department. He was soon appointed to take command of one of the fire divisions.

Captain Carew is survived by his wife, Mrs. Sarah Carew, and a family consisting of William A. Carew Jr., Miss LeVaria, Miss La Loe and Mrs. Howard C. Lieb.

Funeral services will be held at 10 o'clock, Monday, at the home of the family, 3234 Logan street. The funeral will probably be held Saturday.

## HORSESHOE GOLD MINE TO BE WORKED AGAIN

HAYWARD, Sept. 10.—After a period of inactivity of 15 years the Horseshoe gold mine of Trinity county will be a profitable concern by next June, according to W. E. Proctor, an expert who is running the mine for a company consisting principally of prominent Hayward business men. Proctor will go to Trinity county this week to complete the construction of a \$10,000 dam at the mine and to remove the camp and close down for the winter. Working for gold will commence as soon as the water in Trinity creek subsides after the winter rains.

VISITS RELATIVES IN EAST.  
FRUITVALE, Sept. 10.—Mrs. H. C. Black, of 3425 Champion street, has gone east of Tehama, Indiana, to visit relatives. She will be away two months. Mrs. Black is an active worker for the Fruitvale Presbyterian church.

# Tomorrow the Second Day of the Fall Fashion Show

The CAPWELL STYLE SHOW, as usual, stands out supreme. It received the enthusiastic praise of thousands today and efforts will be made to make tomorrow and Saturday even more interesting.

These formal show days, in keeping with the policy of this store, mark progress over all previous openings in the variety, beauty and worth of our stocks.

An interesting feature of the display this season is the posing of a living model in a large picture frame setting.

## Great Charm and Beauty in Women's Suits and Dresses

Hundreds of new Suits and Frocks here, all ready to slip into, and wear out, if you've a mind to. You can gain no idea until you have seen the assemblage of styles, each in its way a little work of art, each showing that the designers took pride in making each style unusual, artistic, beautiful.

## The Suits

Most of them were inspired by Paris models—all of them portray the new wrinkle of fashion in its most effective adaptation. There is a Bernard model of broad-tail with the new flare coat and gold brocade belt; there are wonderfully smart combinations of satin and cloth and dozens of the more practical suits of every kind of fashionable material. Imagine the variety from the price range which reaches from \$22.50 to \$225.00.

## The Dresses

Numbers of new models in Street Dresses, those little garments so useful for shopping, for general wear, for all those occasions which a woman plans. Serge and gabardine, serge combined with satin, or silks if you want them. ## PLAN UNIVERSITY EXTENSION CENTER

Fruitvale Residents Will Take Up Proposition at Meeting Tonight.

FRUITVALE, Sept. 10.—The formation of a university extension center in Fruitvale will be taken up at a meeting of prominent residents at the home of Mrs. Daniel Crosby, at 1522 Fruitvale avenue, this evening. It is proposed to give lectures and to engage speakers from the University of California. Should it be decided to take up the course, a university extension club will be formed, very likely any of the residents who wish to take an extension work can join.

Most of the residents of the university extension department will attend tonight's meeting and will give information about the course and speakers available. Sixty of the residents have been invited to a meeting, which will be held in a hall, at 8 o'clock, September 11, to discuss the proposition of establishing a university extension center in Fruitvale originated with Dr. and Mrs. Crosby, who recognize its value as an educational factor.

Headquarters of the center will be located at a series of lectures will be arranged immediately should the proposition meet with the approval of tonight's meeting. The Fruitvale Congregational church hall will be offered as a meeting place for the center by Rev. Edwin E. Royce.

ROBBED WHILE ASLEEP.  
SAN FRANCISCO, Sept. 10.—Choking the grass in Portsmouth Square as a good place to spend the night by reason of yesterday's heat, Axel Nelson, of 1753 Geary street, dropped off into slumber and did not wake until 8 a. m. today. He then discovered that some one had taken his watch valued at \$25.

### TEMPLE SINAI TO BE DEDICATED

Rabbis of Bay Cities Will Assist in Imposing Ceremonies.

When seven rabbis of the bay cities will take part in the services, Rev. Dr. M. J. Prender, rabbi of the First Hebrew congregation, will conduct the dedication ceremony. Among those who will assist are Rev. Dr. N. E. Rev. Dr. M. S. Levy, Rabbi Rosenwasser of San Francisco, Michael Fried of Sacramento, Edgar Magnin of Stockton, Center Reuben of Temple Emanuel and Rev. Dr. Martin A. Meyer, rabbi of the First Hebrew congregation. An augmented choir of twenty voices will give the program of sacred music. Miss Margaret Bradley, who has arranged the musical numbers, will be organist.

The singers have been selected as follows: Soprano, Miss Esther Muddell, Miss Charlotte McMahon, Mrs. Alma Berglund Winchester, Mrs. M. M. Dewing, Mrs. W. W. Footman and Mrs. Irene Keen Williams.

Altos—Mrs. Edna Fisher Hall, Mrs. J. F. Mills, Mrs. Ruth Waterman Anderson, Mrs. John de P. Teller and Mrs. Arthur John.

Tenors—Hugh Williams, A. E. McMillan, Edwin Dunbar Candell and Howard E. Pratt.

Basses—Charles E. Lloyd, Lowell Reitzel, Harold Frucht and Frederick C. Harrison.

The organ, which has been installed in the synagogue, is the gift of the Ladies' Auxiliary of the First Hebrew congregation. The furnishing of the edifice were provided by voluntary contributions from the congregation. These include fifty-two art glass windows, which were given by Abraham Jonas, president of the congregation.

The new temple cost \$100,000 and has been designed in the Assyrian style of architecture.

### RESERVE BOARD AND J. P. CONFER

Morgan Discusses Plans for Meeting American Obligations With Gold.

WASHINGTON, Sept. 10.—J. P. Morgan of New York and other bankers were here today to confer with the federal reserve board regarding plans for meeting American obligations to Europe with gold payments. The proposal for a pooling arrangement to pay these obligations in gold was formulated by the committee of bankers, of which J. P. Morgan of Chicago, is chairman, appointed last Friday at a conference at the treasury department. The committee's plan is now before the board for its action. It proposes a gold fund contributed by numerous banks in reserve and central reserve cities of \$150,000,000, of which \$25,000,000 would be made immediately available.

Relief today was that the board would approve the pooling arrangement. The plan to raise this gold fund through banks, it is understood, will not be formally acted upon pending receipt of a report from

### PRESIDENT TO REST AT CORNISH CAPITAL

WASHINGTON, Sept. 10.—President Wilson has practically decided to leave Washington tomorrow to spend several days at the summer White House at Cornish, N. H., returning to Washington next Tuesday. The president has found that he can keep in close touch with affairs at Washington while at Cornish, and therefore is "on the job" practically as much as when in Washington. At the same time he enjoys complete seclusion and is able to rest.

### GOOD ROAD ASSOCIATION OF SAN JOSE TO MEET

SAN JOSE, Sept. 10.—A meeting of the Yosemite-to-the-Sea Good Roads Association will be held in the Convention hall of the San Jose Chamber of Commerce, Saturday, September 12, at 10:30 a. m. It is the purpose of the association to secure an improved highway over the Pacheco Pass, connecting the San Joaquin valley with the coast counties.

### THREE KILLED ON ADMISSION DAY

Stockton Sees Accidents During Festivities of Californians.

STOCKTON, Sept. 10.—Admission Day witnessed three deaths due to unusual accidents here yesterday. Thomas Ryan was picked up on the streets and carried to the hospital. A slight wound in his head was dressed and he was sent to the jail charged with drunkenness. He died of a fracture of the skull. He was driving a car when he was struck by a train. ### WEALTHY CHINESE FIGHTS DIVORCE

He Obtains Continuance in Hope of Making Reconciliation.

LOS ANGELES, Sept. 10.—In the hope of effecting a reconciliation with his pretty Chinese wife Benjamin Wing, wealthy Chinese commission broker, yesterday secured a continuance of an order compelling him to appear before Judge Jackson and show cause why he should not pay his wife temporary alimony of \$20 a week.

Mrs. Jessie Wing in her suit for a decree of divorce charges her husband with having beaten her on several occasions and of striking her with a hatchet. They were married October 25, 1910, and were separated September 3, this year. The Wing case is the first Chinese divorce in the history of the local divorce court.

The wife is a graduate of the University of Southern California, and Wing, according to her allegations, makes \$300 a month as a commission merchant at San Julian and Tenth street. Through her attorney, John H. Olney, Mrs. Wing secured a decree, custody of her two children, Edward, three, and Stanley, fifteen months, and alimony of \$20 a week.

Wing is said to have admitted "slapping" his wife but claims, it is stated, that he refused to tell where she had been after arriving him at a late hour. A dental student at the University of Southern California is also said to figure in the case. The case went over until next Monday.

# Sick Women Attention

Is it possible there is a woman in this country who continues to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that is continually being published, which proves beyond contradiction that this grand old medicine has relieved more suffering among women than any other one medicine in the world?

We have published in the newspapers of the United States more genuine testimonial letters than have ever been published in the interest of any other medicine for women—and every year we publish many new testimonials, all genuine and true. Here are three never before published:

**From Mrs. S. T. Richmond, Providence, R. I.**

PROVIDENCE, R. I.—"For the benefit of women who suffer as I have done I wish to state what Lydia E. Pinkham's Vegetable Compound has done for me. I did some heavy lifting and the doctor said it caused a displacement. I have always been weak and I overworked after my baby was born and inflammation set in, then nervous prostration, from which I did not recover until I had taken Lydia E. Pinkham's Vegetable Compound. The Compound is my best friend and when I hear of a woman with troubles like mine I try to induce her to take your medicine."—Mrs. S. T. RICHMOND, 199 Waldo Street, Providence, R. I.

**A Minister's Wife Writes:**

CLOQUET, MINN.—"I have suffered very much with irregularities, pain and inflammation, but your wonderful medicine, Lydia E. Pinkham's Vegetable Compound, has made me well and I can recommend the same to all that are troubled with these complaints."—Mrs. JENNIE AKERMAN, c/o Rev. K. AKERMAN, Cloquet, Minnesota.

**From Mrs. J. D. Murdoch, Quincy, Mass.**

SOUTH QUINCY, MASS.—"The doctor said that I had organic trouble and he doctored me for a long time and I did not get any relief. I saw Lydia E. Pinkham's Vegetable Compound advertised and I tried it and found relief before I had finished the first bottle. I continued taking it all through middle life and am now a strong, healthy woman and earn my own living."—Mrs. JANE D. MURDOCH, 25 Gordon St., South Quincy, Mass.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

### SEEK NIECES OF WEALTHY RECLUSE

PHILADELPHIA, Sept. 10.—Search has been begun for three nieces of Miss Hannah, an old woman who is in a critical condition in the Philadelphia hospital. Until a week ago she lived the life of a recluse at 835 North Twelfth street. It is understood the nieces will fall heir to her estate and every effort is being made to find them.

Three years ago her sister died and in her will provided that Miss Hannah should have the interest of a trust fund of \$20,000. Since that time Miss Hannah lived alone in the North Twelfth street house. Neighbors said she was very eccentric and miserly in providing for herself. On numerous occasions, they said, she carried food to her when she would not provide for herself. A physician, summoned by neighbors, discovered that her mind was affected and had her sent to the Philadelphia hospital. Neighbors were informed that her condition is critical. Although she is known to have three nieces living in the city, no trace of them has yet been found.

The nieces are Anna, Hannah and Elizabeth, daughters of John Hance.

In addition to money she hoarded, the old woman is believed to be the owner of considerable property.

### MISS JOSEPHINE MCKEY MARRIED BY HER UNCLE

SAN FRANCISCO, Sept. 10.—Miss Josephine McKey, well known in local Catholic social circles, and daughter of T. V. McKey, 606 Sutter street, was married to Walter Simpson, manager of an Oakland manufacturing concern, at 5:30 o'clock yesterday morning at Sacred Heart Church by her uncle, Father Michael McKey, S. J. A nuptial mass was celebrated in their honor. Father Joseph P. McGuire, pastor of Sacred Heart Church, and Father P. J. Keane of Francis de Sales Church, Oakland, assisted. Miss Aileen Duggan was bridesmaid and Thomas McKey, brother of the bride, was best man. Mr. and Mrs. McKey went to Los Angeles on their honeymoon. They will reside in Oakland.

### SUGAR MEN ORGANIZE

LOS ANGELES, Sept. 10.—Organization of sugar beet ranchers and beet sugar factory men to fight crop pests and to solve other problems will be effected at a meeting at the Chamber of Commerce within the next two weeks. The meeting will be called by E. C. Hittus of the Department of Agriculture at Washington, who is investigating the sugar beet in Southern California.

### SHELVILLE FARMER IS BARBARY COAST VICTIM

SAN FRANCISCO, Sept. 10.—Charles Anderson, a farmer of Shellville, was robbed by two men on the Barbary Coast this morning. One of the alleged bookies, Ed Pearce, was seized by Anderson and held until the arrival of Patrolman Dooling who took him into custody. Anderson was stopped by the trio, one of whom took \$40 from his pockets and passed it to a companion. All three turned to flee but Anderson pursued. He caught hold of Pearce and on the strength of his accusation the man was booked for grand larceny.

### THIEVES ROB HOUSE WHILE WOMAN VISITS

SAN FRANCISCO, Sept. 10.—Mrs. F. W. Leon of 3159 California street, spent yesterday across the bay. On returning home late last night she discovered that burglars had rifled her home, taking jewelry to the value of \$236.

The residence of Mrs. David Rees, 417 Grove street, was entered and silverware to the amount of \$57 taken.

### AUTO SPEEDERS ARRESTED

Leo Prepost, a carpenter, and Ike Franklin, a chauffeur, were arrested last night at Fort-sixth and Fifteenth and Telegraph on charges of violating the automobile speed law. They were released on \$25 bail each. The arresting squad was Corporal Nedderman and Patrolmen O'Neil, Doolan and Ely.

### SUSPECT PETTY LARCENY

Julian Perkins, 18 years of age, was arrested last night by Patrolman Duke, and will be charged with petty larceny for the alleged theft of a street light globe. Deike saw the boy in a street car at Alcatraz and Telegraph, and when he questioned him about the globe, the boy attempted to escape.

### WIFE REFUSES CHARGES

Frank Lee, 355 Third-street avenue, who has been arrested several times in the past few weeks on battery charges, preferred by his wife, was taken into custody again last night on the request of Mrs. Lee by Patrolman Cranlan. The charges is battery.

They contain no habit-forming drugs. Sold everywhere.

### SALVATION ARMY ANSWERS ATTACK

Head of Los Angeles Corps Protests Against Municipal Charities Attack.

LOS ANGELES, Sept. 10.—Protest against the action of the municipal charities commission in refusing to endorse the Salvation Army's relief work, Commissioner Thomas Estill of the army in Los Angeles yesterday issued a statement outlining his organization's work and declaring the municipal commission's stand unfair.

The city commission alleged that the army post here sent part of the money received here for use in other cities and in England.

Commissioner Estill asserted that Accounts Palethore, McBride and Probert had audited the army's books here and commended the organization.

"I desire to most positively deny," Estill said, "that any money collected in Los Angeles for relief or charitable purposes was sent to New York or London, or any other city. The statement compiled by their investigating agent shows this to be true."

BOOKS AUDITED.

"We have had all our books audited by Messrs. Palethore, McBride and Probert, a leading firm of public accountants and auditors in Los Angeles, and according to their report the same fact is made very clear. These auditors' report shows that from the entire income of all the Salvation Army's operations in Los Angeles only 1 per cent was sent for oversight, part to San Francisco and part to Chicago. Outfitting the religious work of the Salvation Army, which does not come under the jurisdiction of the commission, and the relief funds, upon which no supervisory payments are made outside the city, the various institutions, industrial homes, stores, hotels, boarding home, remitted only 6 1/2 per cent for supervision."

\$50,000 FOR RELIEF WORK.

"This is the usual practice among all similar organizations and the commission fully agreed with us that a certain amount for oversight was quite legitimate and indeed necessary. Even from this amount a portion was returned as a grant to the Los Angeles Twelve Rescue Home."

"Including the religious work of the Salvation Army the total amount of cash contributions received from the public of Los Angeles was \$20,155.49. Of this amount \$16,337.79 was for the purely religious work of the Salvation Army, which includes three corps or places for religious meetings. For the balance of the contributions of the Los Angeles public \$13,815.70 was given for relief and the various institutions."

### OAKLAND UTOPIAN CLUB TO GIVE INITIAL DANCE

It will be an informal affair sponsored by many society leaders.

### Woman "Conspirator" Against Lincoln Dies

WASHINGTON, Sept. 10.—Mrs. Amanda Weeks, last survivor of those arrested at the time of the assassination of President Lincoln and charged with having been implicated in the plot, died at her home here at the age of 83. She was at the home of Mrs. Swarr at the time of the murder and was said to have remarked when she heard the news:

"Lincoln should have been shot long ago."

She was released after ten days in prison.

### PREPARES WELCOME FOR REV. F. L. GOODSPEED

Rev. Frank Lincoln Goodspeed, pastor of the First Presbyterian Church, and his wife, will arrive here tomorrow from London, where they were detained by the war. In their honor the members of the Ladies Aid Society of the church will give a dinner and a reception Friday evening, September 18, in the church parlors. Accommodations will be made for 200 guests at the dinner, where addresses of welcome will be delivered and the guests will be followed by vocal numbers to be given by Charles E. Lloyd Jr., who will be accompanied by Miss Lily Sherwood and Miss Theresa Sherwood. The speakers at the dinner will be A. A. Denison, secretary of the Oakland Chamber of Commerce, who will welcome Dr. and Mrs. Goodspeed on behalf of the city of Oakland, and Roscoe Jones, a leading parishioner of the First Presbyterian Church of Oakland, will speak for the church.

At the reception the Sherwood sisters will supply the musical program.

### Invest Your Money Safely

### PERMITS PACIFIC GAS BOND ISSUE

Million Dollar Mortgage Refund Securities Sanctioned by Railroad Commission.

SAN FRANCISCO, Sept. 10.—The railroad commission this morning granted permission to the Pacific Gas and Electric Company to issue \$1,000,000 general and refunding mortgage bond funds. The funds are to be used as pledges to fortify securities deposited with the district court in connection with suits brought to enforce the enforcements by the city of San Francisco of gas and electric rates for the year ending June 30, 1914.

The corporation is fighting the edict of the supervisors fixing gas rates at 75 cents per thousand instead of 55 and establishing the minimum electric service charge at 75c instead of 51c.

MYSTERIOUSLY ASSAULTED.

SAN FRANCISCO, Sept. 10.—George Leon, who lives at the Edgy Hotel, was attacked at Columbus avenue and Pacific street this morning by a man who cut him under the left arm. There was no attempt at robbery and Leon was unable to explain the reason for the assault. He was treated at the Harbor Hospital.

## CLUB WOMEN TO MIX DANCE WITH WORK

### Claremont Club Will Introduce Novel Idea at Opening Affair

The Claremont Club introduces an exciting idea in alternative business and dancing at the opening affair to be held at the Hillcrest Road Clubhouse next Monday night. How did it never happen before? The dance has always been associated with food, or the drama, with bacchanalian carousals, suppers, modern tea parties, Hungarian potpourris, Fourth of July and Russian ballets. Never with account books! Never with committee reports.

Never with club elections.

But a future dawn when the drab, grim details of a club budget may be forgotten in the rapture of the waltz, the one-step and the elaborate intonation of the maxixe. Business meetings will no more be attended with reluctance, but with enthusiasm. For club officials see the possibilities in offering a rhythmic wind-up in the Greek manner—to material discussions!

**BERKELEY CENTER.**

Mrs. Dane Coolidge, president over a meeting of the Berkeley Center of the California Civic League this afternoon at Unity Hall. Mayor Charles D. Heywood, Professor Thomas Reed, and Robert E. Bush discussed the school, harbor and bond issues, and Professor Carl E. Fleish spoke on the amendment relating to taxation, keeping the amendment securing home rule in taxation.

**LAKEVIEW WOMAN'S CLUB.**

Recreation work and school problems will engage the attention of the Lakeview Woman's Club and guests at the regular meeting which will be held in the Lakeview Assembly Hall next Monday afternoon, September 14, at 8:30 o'clock.

Miss Ethel Moore, president of the Playground Commission, will speak on the playground and its place in the lives of the future Americans. A talk on the crowded condition of the Lakeview School will be given by Mrs. Fred Drake and Mrs. J. P. McManus will urge the improvement of the school grounds. A movement for doing a little missionary landscape work on the barren campus is mobilizing the Lake district. They do not believe in leaving a schoolhouse mounted on a pyramid of earth as bare as the Sahara desert. They say its starkness disgraces. So something must and shall be done about it.

After the conclusion of the program and the dispersal of the guests, a short business session under the presiding direction of Mr. Frank M. Ball will be called.

**WEDNESDAY MORNING CHORAL.**

Under the direction of Paul Steindorff the Wednesday morning choral section

which for years has been one of the most successful and popular sections of the club, will organize for the coming season on September 16, at 10:30 o'clock in the morning.

The club aims to have a very large and effective choral studying this fall under the inspiring leadership of Steindorff, and many new members intend joining as a preparation for appreciative acquaintance with the great choral music which will be rendered here during the months of the Exposition.

**ALTA MIRA CLUB.**

The September bulletin of the Alta Mira Club of San Leandro announces two conspicuous events to take place during the month. On Saturday, September 19, a garden fete for the benefit of the Clubhouse Fund will be held on the wide grounds of Mrs. George Cowie on 22nd avenue. Day refreshment and amusement booths will dot the lawn, and a variety of entertainment provided for the visitors. A card party given the same evening at Mrs. Cowie's home will add to the proceeds of the day. At present the club meetings are held in the San Leandro Masonic Hall, but the members expect to erect a building of their own shortly.

Further arrangements for the fete will be made at the business meeting Monday afternoon. At 2 o'clock a convalescent will be held by the executive board. Members of this board are: Mrs. A. N. Allen, president of the Alta Mira Club; Mrs. A. B. Cary, Mrs. T. D. Toffelmeyer, Mrs. H. B. Martin, Mrs. J. H. Johnson, Mrs. Charles A. Barry, Mrs. George Cowie, Mrs. H. C. Barton, Miss C. M. Donaldson, and Miss M. Olson.

On Monday, September 25, preceded by a session of the executive board, guests and members will enjoy a program arranged by Mrs. A. B. Cary, chairman for the afternoon. Two groups of songs by California composers will be rendered by Mrs. George Helms and Mrs. R. S. Holway will talk on that difficult subject, "California Art."

Section work includes a choral study under the direction of Professor O. Blankart and a history section conducted by Mrs. C. H. Miller. Philanthropy is taken up under the chairmanship of Mrs. P. Rider. The Current Events Section with Mrs. L. G. Walrath as chairman, will not assemble during September.

**EBELL SOCIETY.**

Mrs. Ralph Kinney presiding, a meeting of the Ebells Association will be held this morning for the discussion of business.

## 'ARE YOU PROUD OF YOUR CLOTHES IN A CROWD, CELESTE?'

"Alas, no! I'd give most anything right now for a pretty new suit. I'm simply destitute for street clothes."

"Celeste, I knew you'd buy a new suit if you had the money. But YOU CAN BUY IT WITHOUT THE MONEY just as well—at CHERRY'S."

"Don't interrupt me, dear. Listen: You've heard about people using their credit for various things—houses and furniture and groceries, etc. Well, at CHERRY'S YOU USE YOUR CREDIT FOR YOUR CLOTHES. Yes, that's all there is to it. You'll never know how pleasant it is to pay just a little every week till you try it. I've done it for two years and I'd never change."

"And CHERRY'S NEW SUITS are simply charming, Celeste. All the very newest little touches and the swiftest long, lovely lines and smart tailored effects, in elegant materials and fascinating, soft tones! Oh, you'll be just as enthusiastic when you see them! And, Celeste, remember it's the custom to ask for Credit when you're buying clothes at Cherry's. Here are Cherry's addresses, Celeste: 515 13th street is the store for ladies, while just across at 523 is their store for men. The San Francisco stores are at 1009 Market and 2400 Mission street."

### Excursion to Sacramento Over Oakland, Antioch Line.

Plans for the excursion to the State Fair at Sacramento next week, when Oakland's business men will journey to the capital over the Oakland-Antioch line and discussion of the proposed Twelfth street Key Route service, and several other matters of business came before the meeting of the Merchants' Exchange last night. The business men will leave for Sacramento Wednesday, September 16, a special train to leave over the Oakland-Antioch at 8:30. Half hour stops will be made at Walnut Creek and Concord for trade visits. A band will accompany the Oakland boosters. The matter of the Twelfth street Key Route service was laid over by the exchange, opinion being evenly divided. Further discussion will be held next Tuesday night.

**GIVE "MOVIE" LECTURE.**

"The Pilgrims' Progress" will be shown in a moving picture lecture to be given tomorrow evening in the First Congregational church, under the auspices of the church school. The lecture in the university extension course which was announced to be given this evening has been cancelled. The last in the series was given Tuesday evening by Prof. Stratton of the University of California.

## LATEST NEWS FROM RICHMOND

### GIRL IS SAVED FROM DROWNING

#### Young Woman Capsizes Boat and Is Rescued by Companion.

RICHMOND, Sept. 10.—By the heroic efforts of young Frank Kane, pretty Miss May Frank, living on Seventh street near Main, was rescued yesterday afternoon from drowning in the deep waters near Ellis Landing.

According to witnesses of the act of bravery, Miss Frank, accompanied by her sister, Miss Ella Frank, a young woman from Oakland, and Frank Kane, a relative, were spending the afternoon on the waters off Ellis Landing, boating and fishing.

Claiming that she could manage a boat the young woman asked to row the craft alone. After getting out over deep water, she lost control of her oars. Not knowing what to do, she stood up in the boat, which upset. Her cries for help brought Kane into the water clothes and all.

After swimming to where she had fallen into the water, he secured a hold on her and managed to bring her to shore. Frank Kane had swallowed much salt water and was badly shaken by her narrow escape from a watery grave. Miss Frank was able to be taken home within a short time after she was brought to the shore.

### CLUBWOMEN PLAN TWO-DAY BAZAAR

#### Richmond Club Will Give Fete in Opening New Club Headquarters.

RICHMOND, Sept. 10.—The several committees having the preparation of plans for the Richmond Club Fair in hand met Tuesday afternoon at the home of Mrs. W. W. Welch, at the Edina apartments in Nevin avenue. The chairman of the general committee, Mrs. H. W. Lunceford, was delegated to her stand. Members of the executive committee, together with the committee chairman made summarized reports of their activities in behalf of the coming bazaar, with which the new clubhouse, in Nevin avenue near Twelfth street will be opened in October, the dates for the fete being the 8th and 9th.

The executive committee comprises the following: Mrs. H. W. Lunceford, chairman; Mrs. H. A. Silver, Mrs. Kate Smith, Mrs. W. G. Brainerd, Mrs. W. J. Caesar and Mrs. J. T. Nabbert.

On the special committee the following are chairman: Fancy work booth, Mrs. Lunceford; cap and apron booth, Mrs. Thomas Thayer; rug booth, Mrs. Fred Zimmerman; Japanese booth, Mrs. W. J. Caesar; lemonade booth, Mrs. James T. Nabbert; candy booth, Miss Helen Smith; fortune telling booth, Mrs. W. W. Welch; bakery booth, Mrs. O. Smalley; refreshment booth, Mrs. Frank Smith; country store, Mrs. W. Brainerd; grab bag, Mrs. W. Bunch; program committee, Mrs. C. S. Gibson; decorating committee, Mrs. C. R. Blake and parade committee, Mrs. Nabbert. Mrs. Nell Watson is chairman of the doll buggy section of the parade. The parade will be an important adjunct to the fair, and the local merchants have unanimously pledged themselves to be represented. The local lodge of Elks is planning a special demonstration for the occasion, and other fraternal and social organizations will participate.

The meeting of the club next Monday afternoon will be open to the public. A feature of the meeting will be a talk on the subject of water filtration to be given by Professor Charles Gilman Hyde of the University of California, who will explain the project of the local water commission. A Hindoo professor from the University will also be a speaker. The meeting will be called in the library assembly room at 2 o'clock.

### MORE LIGHTS FOR DOWNTOWN SECTION PROMISED

RICHMOND, Sept. 10.—More lights for the downtown district will be asked of the city council at the meeting next Monday night. A committee consisting of President E. M. Ferguson, E. Carlson, Charles Walker and J. L. Kennon has been appointed to make a study of the situation and draft a resolution to be presented to the city dads.

The Exchange is going to be heard from and has appointed the following committee to take up the various matters which come before it: Finance—Ferguson, H. W. Fuies and Walter La Salle.

Trade and commerce—Hannum, Kurtz, Glanville, C. G. Johnson and C. H. Lind.

Railroad and water transportation—Jenkins, Silveria, Lucas, Dickstein and Brown.

### CATHOLIC CEMETERY DEDICATED BY PRIESTS

RICHMOND, Sept. 10.—The new St. Joseph's cemetery at San Pablo was dedicated yesterday by Father Sera and Father Carver. Father Sera conducted the service, with Father Portia as deacon and Father Carver as master of ceremonies.

In attendance were Father Griffin, Father Quinn of Richmond, Father Fitzgerald of Los Angeles and Father Collins of Richmond. When the ceremony was over the crowd formed a line and marched with the priests about the grounds, reciting the Litany and assisting the fathers in blessing the grounds.

Dizzy Head, Fluttering Heart, Floating Specks.

These are signs of kidney and bladder trouble. You'll have headaches, too, backaches and be tired all over. Don't wait longer, but begin taking Foley Kidney Pills at once. It won't be long before your miserable sick feeling will be gone. You will sleep well, eat well and grow strong and active again. There are a whole lot of your entire system as well as kidneys and bladder will be benefited by their use. Try them. See everywhere.

### MISSING YOUTHS ARE FOUND NEAR SAN PABLO

RICHMOND, Sept. 10.—Two days of roaming proved plenty for Robert Blake and Donald Whistler, both twelve years old, who left their homes in San Pablo Tuesday morning after the country was had been covered for them and all kinds of rumors were afloat, they were discovered by William Lord of San Pablo about five miles this side of Martinez.

The boys were dirty and tired and willing to be captured. De Land took them to Martinez and turned them over to the sheriff's office.

**HERRMANN SISTERS MEET.**

RICHMOND, Sept. 10.—Mrs. A. Granelia and her daughter-in-law, Mrs. Mary Granelia, were initiated into a lodge of Herrmann Sisters last night in Bank hall. Officers were nominated and a committee appointed to solicit funds to forward to Germany in aid of the war. This committee will be made public in a few days. A committee consisting of Mrs. Knobel, Mrs. Maras and Mrs. Stocker prepared the feast.

### RICHMOND NATIVE SONS CELEBRATE AT VALLEJO

RICHMOND, Sept. 10.—Members of the local native sons of the Golden West, distinguished themselves at the big celebration in Vallejo yesterday. In the big parade the local delegation headed by Fred Weber as marshal of the day and followed by the local natives' band and members of the native sons' society and good feeling reigned. With the memory of this celebration bound to linger long as one of their blazest times, the natives of the entire state will soon start preparations for San Francisco in 1915.

### DETENTION HOME LAD ARRESTED AFTER ESCAPE

RICHMOND, Sept. 10.—The next time Tony Compagna manages to speak away from the juvenile detention home in San Francisco he will head the other way. For the second time this year Compagna escaped from the institution and each time was arrested here. He was taken into custody Tuesday afternoon by Patrolman Perry, and was delivered to the detention authorities yesterday.

Compagna was arrested in this city in February of this year after escaping from the detention home. By Patrolman Jennings. He escaped again a few days later and was not seen by the authorities until his reappearance in this city Tuesday.

### THIRTY DAYS FOR STEALING TROUSERS

RICHMOND, Sept. 10.—"Wonder how long I would have gotten to live on the county if I had stolen a whole suit?" muttered John Alexander, a 30-year-old man, yesterday afternoon after his Honor had sentenced him to 30 days in the county jail for stealing a suit of clothes from a party of pants from his former roommate, George Marshall. The theft was committed several days ago and Alexander was arrested by Police Inspector Sutz on Tuesday.

Alexander stole his partner's jeans while the two were rooming together at Stage. When sentence was pronounced the penitent man thanked the judge warmly.

### Hair Tinting Made Easy

Many thousands of women have put up with streaked and gray hair because they knew of no absolutely safe way to overcome this robber of youth and attractiveness.

After all, one of the chief pleasures in life is that of appearing in as attractive a manner as possible.

"Brownstone" Hair Stain will help you in just this emergency. With it you can touch up the gray spots instantly—or you can in a few moments' time give to your hair that rich, soft brown, so much to be admired. Or, you can make it a glossy black if you prefer. All this without the possibility of detection, failure or harm to either hair or scalp.

No previous experience whatever is necessary when you use "Brownstone." Just brush or comb it into the hair. A couple of washings will see you sent up on a high tide of 19 cents.

All of the leading drug stores sell "Brownstone." Two sizes, 25c and \$1.00. Get advice for golden or medium brown, and the other for dark brown or black.

Insist on "Brownstone" at your hair-dresser's.

Prepared by the Kenton Pharmaceutical Co., 571 E. Pike St., Covington, Ky.

For sale by The Oak Drug Company. Twenty stores on the Pacific Coast.

### ALLEGED KIDNAPER TO GET HEARING TODAY

RICHMOND, Sept. 10.—The preliminary hearing of Nathan Billett, charged with desertion and with kidnapping his small son will be held this afternoon at 2 o'clock in Judge John Roth will occupy the bench in place of Judge William Lindsay. Billett was arrested Tuesday afternoon and his bail set at \$1000. Up to last night he had not raised the amount.

Billett was formerly in the grocery business here. He was later agent for an Oakland sewing machine house, and it is alleged, just prior to his disappearance, he collected substantial amounts on installment accounts and failed to turn over the money. He, with his son, whom it is alleged he kidnapped, was arrested in Spokane county, Washington. He was returned to this city this week by Inspector Phillips.

### ROTARY CLUB LUNCHEON

## THIS FLAPDOODLE WON PRIZE FOR LITERATURE.

Rabindranath Tagore, a Bengalee poet, has been awarded the Nobel prize in literature for 1913, meaning that the judges considered he wrote the best thing written anywhere in the world during last year. The prize consisted of a large sum of money and this is what Tagore wrote:

A wandering madman was seeking the touchstone. With matted locks, tawny and dust-laden, and body worn to a shadow, his lips tight pressed, like the shut-up doors of his heart, his burning eyes like the lamp of a glow worm seeking its mate, he made his way. Before him the endless ocean roared. The gurgling waves ceaselessly talked of hidden treasure, mocking the ignorance that knew not their meaning. Maybe he now had no hope remaining, yet he would not rest, for search had become his life. Just as the ocean forever lifts its arms to the sky for the unattainable; just as the stars go in circles, yet seeking a goal that can never be reached, even so on the lonely shore the madman with dusty, tawny locks still roamed in search of the touchstone. One day a village boy came up and asked: "Tell me, where did you come at this golden chain about your neck?" The madman started—the chain that once was iron was verily gold; it was not a dream, but he did not know where it had changed. He struck his forehead wildly—where, oh, where, had he, without knowing it, achieved success? It had grown into a habit to pick up pebbles and touch the chain and to throw them away without looking to see if a change had come; thus the madman found and lost the touchstone. The sun was sinking low in the west, the sky was gold. The madman returned on his footsteps to seek anew the lost treasure with his strength gone, his body bent and his heart in the dust, like a tree uprooted.

Suffering cats! Who made this award? A congress of mystics no doubt, or possibly a diet of metaphysicians. It is fair to presume this mess of words was selected because of the "beautiful metaphor" therein contained. But why should a madman seek the touchstone? What does a madman know about touchstones? It reminds us of Little Paul in "Dombey and Son," who, when chided by Mrs. Pipchin for asking questions and reminded of the fate of the little boy who was gored to death by a mad bull for making too many inquiries, replied:

"If the bull was mad, how did he know the little boy had asked questions?" and thereby confounded the old woman to an extent that she was positively afraid to ask him anything else.

Then we have that ocean "forever lifting its arms toward the sky for the unattainable" business. Whoever heard of the ocean having arms it could lift? And that "stars in circles seeking a goal that can never be reached." Who says the stars move in circles when it is a fact they are moving in streams? And when the boy asked him the question, how should a madman realize that his chain of iron had turned to gold? And also that: "Before him the endless ocean roared." How could an ocean roar behind a man walking on the sand? Aw, piffle!

We have suggested that this award was made by either mystics or metaphysicians. After reading it over we dismiss the mystics as not guilty. And those metaphysicians must have been of the sort described by the Scotchman. This son of the land of the heather was asked by a friend:

"Sandy, mon, dy ken all this talk of meetaphysics?"

"Aye."

"Well, what is meetaphysics?"

To which Sandy made this reply:

"When a mon as don't know nothin' about anything, meets a mon that's more ignorant than himsel', and th' twa gets in argument over something neither has heard aboot before, that's meetaphysics."

It strikes us the literary metaphysicians making this award belong to the class Sandy described.

Mohammedan Turkey is on its knees begging Allah to throw his omnipotent influence into the scale of European war in behalf of Germany and Austria. Meanwhile the allied nations are asking Divinity to aid in slaughtering the soldiers of the triple alliance.

## NEEDS OF BERKELEY DEMAND BOND ISSUE.

Alluding once more to the bond election in Berkeley Saturday, the need of the improvements which are being asked by the council are so apparent it is difficult to see where opposition will find ground for argument. The situation respecting school buildings is one demanding immediate attention, for, as stated previously, the accommodations are limited and no rule of sanitation can be applied that will insure complete immunity from disease. It is a matter of common knowledge that where children are packed in structures insufficient in capacity and lacking the accessories of modernity the progress of the pupil is hampered and his health endangered. But this is not all. The school buildings, or some of them, in Berkeley are looked upon as positively dangerous and a menace to life. But laying aside this feature and discussing only that applying to crowded conditions, in that will be found a sufficient reason for voting the money asked. Berkeley is a promising city with a brilliant future, but that future will be sacrificed unless the citizens take care of the schools, for the first question the home-seeker asks concerns educational facilities, and if these are lacking he moves on. Good schools are population getters.

Civic centers have been described as entities making for unity; the external expression of real feeling on the part of the people and the small sum asked for the purchase of a square in the business center ought to be voted without hesitation.

As to turning down the bonds for improving the waterfront, when it is considered that two dollars will be spent for each one voted, the United States duplicating the appropriation; when it is considered that Berkeley is entitled to the same benefits that will be derived from the harbor system on the east side of the bay as will fall to Oakland and Richmond, it does not seem possible that Berkeley will reject the plan. To do so means to impose on her merchants the cost of drayage from either Oakland or Richmond, and as in the final analysis the consumer pays all, consequent acceleration of prices on goods sold.

With the enterprise Berkeley has manifested in the past, it does not seem probable that now, when such splendid opportunities exist, the citizens will reject them.

## NO BONAPARTES ARE FIGHTING FOR FRANCE.

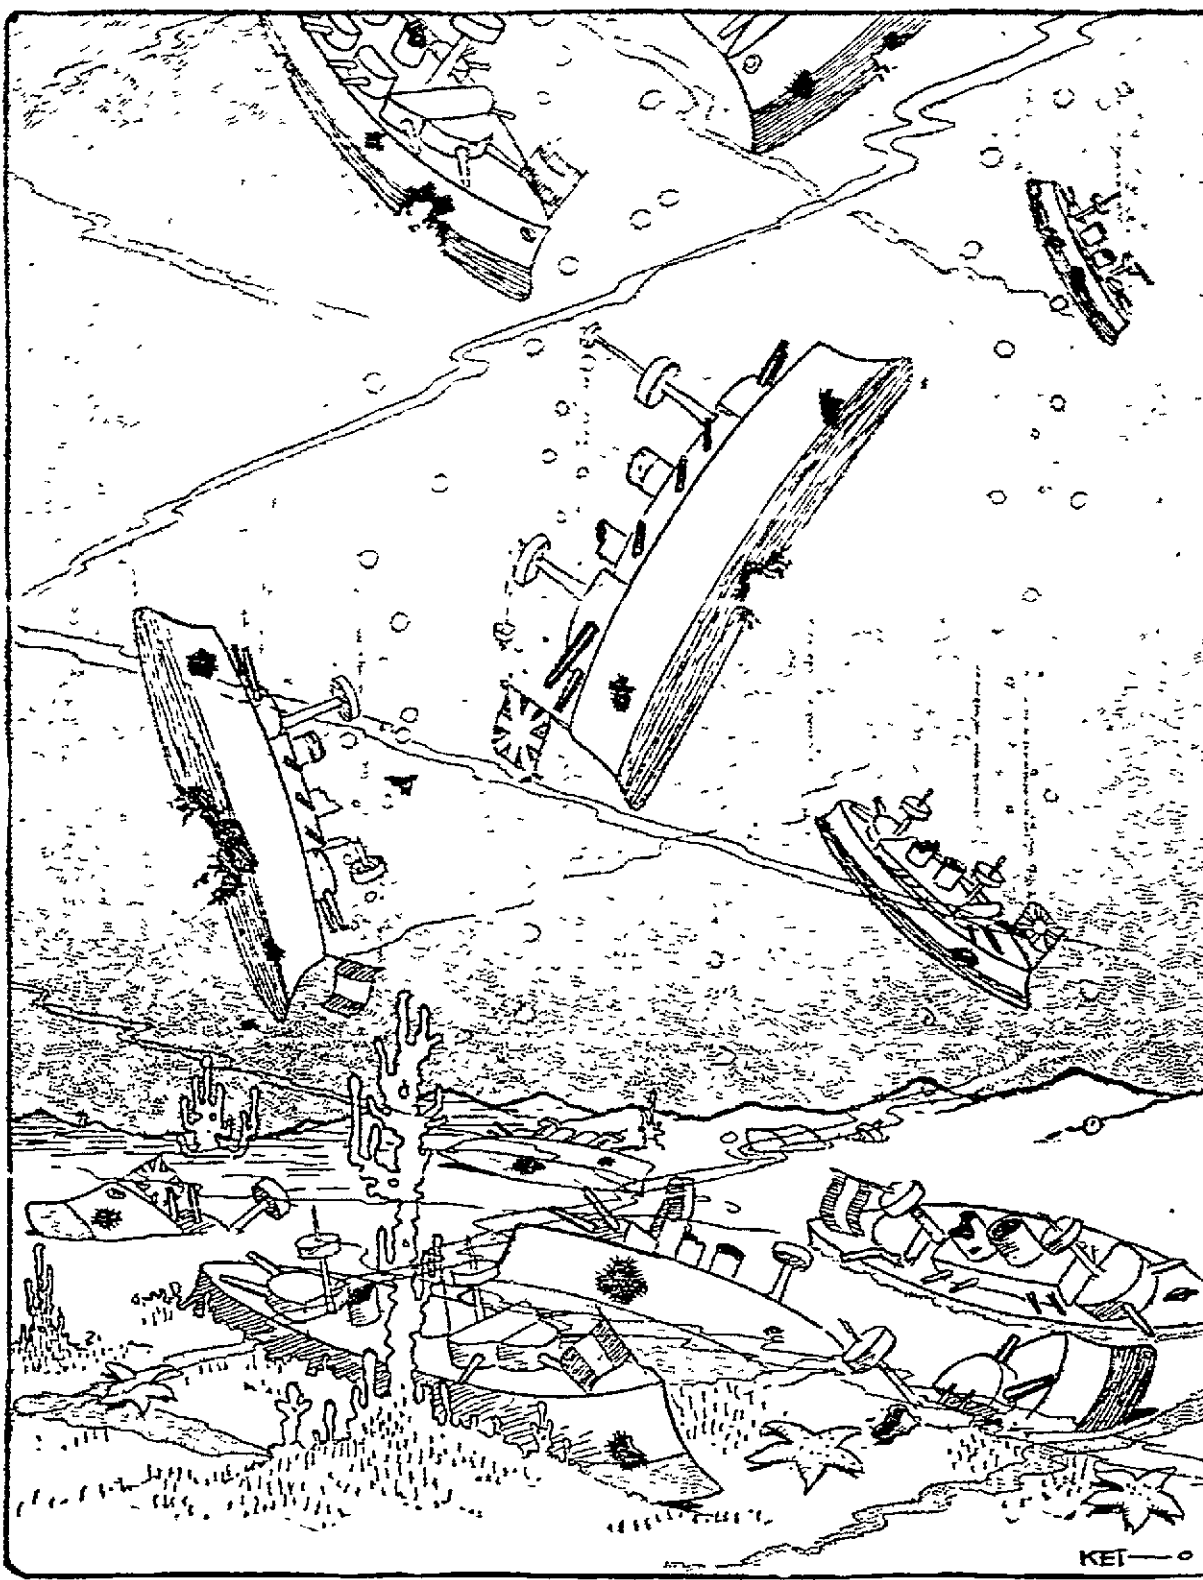

It is information to know that no member of the Bonaparte family is allowed to serve in the armies of France. The present head of the house is an officer of the Belgian army. Victor Napoleon Bonaparte married a daughter of King Leopold of Belgium, a cousin of the present king. Nothing has been heard of him since the strife began.

It is not probable that France could keep him off her soil if he came at the head of his troops, nor is it likely France would refuse his aid, but it is a strange condition of affairs that prevents a man serving his country in the ranks of its own army.

No doubt the fear of the royalist movement, which has never been completely suppressed, is responsible for this condition.

Vice-President Marshall says there will be but one Democratic candidate for president in 1916. That will be plenty, thank you.

## SUB-MARINES?

—BY THE OAKLAND TRIBUNE CARTOONIST—

## UNCLE SAM IS REAL SWIFT MONEY MAKER.

It is said that John D. Rockefeller is worth a billion, but this is doubtless an exaggerated statement. Half that sum will doubtless cover his holdings. He has for many years been accumulating that sum, and during the long period has worked hard in his own way. But here is our own Uncle Samuel engaged in making \$400,000,000 in six weeks, commencing August 31st.

This \$400,000,000 represents the amount of emergency currency required to move the crops of the country and will be sent to the various banks as fast as manufactured and demanded. A record for swift production is being made. It will be recalled that during the Spanish-American war \$500,000,000 in paper money was issued, but it took ten months to print it and that was the record to that time.

Everyone in the Bureau of Engraving and Printing is working overtime. Some of the employees are putting in twelve hours daily, for which they are receiving extra pay. No girl employee who seems unfit for the extra burden is allowed, however, to increase her work.

In addition to the orders for emergency currency, there is a heavy demand for silver certificates. This due to a shortage in gold and a general tendency on the part of business houses to change pay-days from the monthly to the weekly system.

When it is considered that every piece of paper issued in the bureau must be accounted for, either in perfect or imperfect bills, that no bill is permitted to be sent out unless it is as near perfection as the ingenuity of man can devise, that everything in connection with the process is a constant strain on the employees who are nearly all experts, it will be noted that the work of getting out this stupendous amount in the time required is little short of the marvelous.

Japan is evidently a thrifty nation, despite reports to the contrary. There will be no war tax necessary in order to carry on the war against Germany in the Far East. The special appropriation for war purposes made at the outset, together with amounts already expended, total 66,000,000 yen, or about \$33,000,000. This sum will be paid from current funds. The treasury has 120,000,000 yen remaining and there are various special funds which can be utilized for war. What a good thing it would have been for this country if the tariff duties had not been reduced to an extent that used up all the surplus and compels the levying of a special war tax.

## HONORS FOR MEN WHO HAVE EARNED HONORS.

The House of Representatives has passed a bill authorizing the promotion of Colonel Goethals, chairman of the Panama Canal Commission and superintendent of its construction, and Colonel Gorgas, whose work in making the zone sanitary was as great an achievement as the construction of the ditch itself, to the rank of major-general upon their retirement. This is a fitting recognition. Really, no one would have raised an objection had the bill provided they should be made lieutenant-generals. The victories of peace they have won in the isthmus are as great, if not greater, than any in the annals of our history.

Not for anything in this world would this paper be considered sacrilegious, but, alluding to the proclamation of the President that the people of the nation all pray for peace on October 4th, seems like putting it off a long time. If there is any efficacy in prayer it should be utilized right soon and through its medium save the lives of the thousands who will be shot during the next twenty-four days.

In the light of the fact that so many Democrats will take a trip over the Salt River line following the election, the proposition to tax railroad tickets appears to be ample in proportions for raising all the revenue desired.

If Serbia had not been giving such a good account of herself in the war with Austria, the discovery of a new comet there might have been attributed to the fact that she was "seeing stars."

## Twenty Years Ago Today

Oakland is to have a reawakening. At the council meeting a petition was presented for the holding of a meeting of citizens to discuss certain public improvements and signed by W. E. Bernard, L. D. Brown, W. H. House, B. E. Laton, Hugh M. Cameron, A. J. Snyder, Benjamin Thomas, A. I. Conklin, H. P. Squire, M. T. Dunsbury, Elliot R. Curtis, R. M. Anthony, E. Barnett, A. H. Reed, J. R. Glascock, John M. Poston, J. W. Ward, E. C. Sessions and others. One of the matters to be urged is the sale of the city hall property, for which \$750,000 has been offered by a would-be purchaser for the ground remaining after the Washington street extension has been made and the lot remaining. Improvement of main thoroughfares leading into the city and new wharves on the waterfronts will also be urged.

The political situation in the city and county is getting very interesting. The primaries will be held throughout the county in a week and the candidates are building their fences all along the line. In the first ward Alvin Baker is a candidate for county tax collector; W. S. Pelouse would oppose R. S. Leckie for assessor, and W. H. Seidenfett will also figure in the fight. In the second ward J. H. Smith is candidate for superior judge in opposition to Judge Ogden; the third ward will be one of the battle grounds. A combine, consisting of Leckie, Jordan and Nelson, will be opposed by Snow, Schaffer and Crane; the fourth ward will be the battle-ground between Ed Denison and William Heilmann. In the sixth the fight has narrowed down between Schaffer and Weidmann. The slate in the seventh is made up of Jordan, Leckie, Chase, Dodge and James A. Johnson for district attorney.

The Populists held a mass meeting, which was called to order by H. S. Fitch. Speeches were made by W. A. Vann, candidate for Congress; M. McGlynn, candidate for secretary of state, and C. B. White, candidate for sheriff. The Populist campaign committee, consisting of M. Lasser, Dr. Marshall and R. H. Wood, is hard at work.

Today is the forty-fourth anniversary of the admission of California into the Union. The patriots of the Native Sons of this city, namely, Oakland, Piedmont and Brooklyn, are playing an important part in the celebration.

The man who marries a pretty girl is apt to get the short end of it if he takes her at her face value.

An engagement may not be as good a marriage from some points of view, but it is a great deal better from others.

One kind of a hopeless fool is the chap who poses as a "good fellow" and spends more money on his friends than he gives to his wife.

## CAPITALIZING LIFE

The average policy, considering insurable population, is \$1500. If a man can make \$10 per week, he is worth \$5200 in money to his family, for that is what such a sum would bring if placed on interest at 5 per cent. If he keeps on living and working his family will enjoy that income, but when he dies his day's automatic stop unless he has had the foresight to carry life insurance.

Few people want to die, but it has not been until recent years that they warmed up to life insurance sufficiently to consider it an investment of the highest order. Occasionally a man will be found who

is too superstitious to carry life insurance, just as one will sometimes find a man who is too selfish. In the main, however, it is looked upon from an economic viewpoint, the owner of the human machine capitalizing it to the best of his ability.

In the United States in 1913 there were 49,000 policies in force, insuring \$111,000,000. At present, in round numbers, there are more than 200,000 policies in force. They are valued at about \$150,000,000. In this country there is annually paid the sum of over \$700,000,000 in premiums—Youngstown Telegram.

## MUCH IN LITTLE

During the last winter the revenue steamer Woodbury, built fifty years ago and the oldest in the service, cruised 5461 nautical miles, for a total of 31 days, and assisted vessels valued at \$144,770. It was laid up only once, when it was crushed by an ice floe.

The library of congress at Washington, D. C., is now ranked as third among the great libraries of the world. The library was first established in 1800. It was almost totally destroyed when the British burned Washington in 1814, and the private library of Thomas Jefferson was bought by the congress to start the collection anew.

Fall styles for women will consist of a Red Cross cap, a torpedo-shaped dress, and military boots.

There is nothing quite so amusing as watching a fat man dozing automobiles in a crowded street on a hot day.

One of the great disadvantages to some men in having their wives return from summer vacations is that the men must take up again the stern work of telling yarns about themselves.

Percy Noddies says when he was at the seashore he sent his innamorata a picture post card on which was written: "What are the wild waves saying?" Whereupon the lady wrote back: "Not their prayers, if they are where they can see you."

In reports of modern battles, fiction is stranger than truth.

If it is true that pride goeth before a fall, there are some crowned gentlemen in Europe who will very soon break their necks.

One of the reasons why the modern boy doesn't care anything about moving pictures is because it always snows in August.

With the approach of fall and the return of the vacationists, business is moving rapidly with the transfer people.

## Science's Achievement

The problem of grain standardization used to be considered almost impossible of solution. But a year ago J. W. T. Duvel, one of the Government experts, discovered that there was a variation in the weight of grain of from 5 to 25 per cent, due to the amount of moisture it contained. This was a very important matter, because grain grown in a damp country would have an advantage of about 20 per cent over grain grown in a dry climate. Dr. Duvel's researches resulted in his inventing a moisture tester, by which the percentage of humidity in grain, can be ascertained in a very few minutes. This invention is now in use in every grain elevator in America. Not a cent in royalties is paid to any one for it.

### EXPOSITION WILL NOT BE DELAYED

Positive Announcement Sent to  
Nations That Change Is  
Impossible.

SAN FRANCISCO, Sept. 10.—The following letter, stating conclusively that all objections to opening the exposition on the date originally planned have been overcome with greater arguments against such postponement, has been sent by the exposition-officials to the commissioners from foreign nations and from the states and territories that have arranged to participate.

"There have been reports that the exposition, because of the war in Europe, would be postponed. It will not be postponed."

"There have been published statements that the war in Europe would seriously affect the commercial or educational importance or the financial success of the exposition. They will not be so affected. The exposition will open on its scheduled date—February 20, 1915. It will be completely ready when open. It is more than 50 per cent completed today. Nothing will be permitted to interfere with the consummation of the plans originally laid down."

TO OPEN AS SCHEDULED.

"Many friends and parties in interest have presented arguments in support of postponement for a year. These have been

given anxious study and careful analysis. Most of them are merely counsels of timidity, based on nothing save a general feeling of doubt and uncertainty. These are sufficiently answered by saying that there is no longer any doubt or uncertainty as to the success of the exposition, whatever the situation in Europe may be. Other arguments for postponement have some practical foundation, but for every one of these there is a stronger and a better argument for proceeding with our plans."

"The exposition will therefore open as scheduled. There is not the slightest reason to believe its success in any phase will be any less than that which was so certain three weeks ago. Not one of the nations at war has notified us of an intention to withdraw her participation. France and Italy have, in fact, notified us that their plans remain unchanged, but even if we should lose the others, the interest and importance of the exposition would still, as a whole, surpass all precedent."

**WAR AN ADVANTAGE.**

"As to the domestic participation, the effect of the European war seems likely to be rather advantageous than otherwise. The stimulus on exhibits is already felt, as American manufacturers become impressed with the opportunity given by the exposition for bringing their goods to the attention of the large distributors of Central-South America, the Orient and Canada."

"As to the attendance, all expert opinion agrees that there is nothing in the situation, even if continued through 1915, that will affect seriously the willingness or ability of the people of the Western Hemisphere and of the Far East to visit the exposition. Some opinion is firm that travel in California may be even increased by the war. The decision of the exposition management has, however, been reached without regard to that consideration. We consider it our duty alike to our nation, to the participating nations, to our exhibitors and to ourselves to carry out the plans as originally laid down and which, now nearly at fruition, promise the most important, the most beautiful and the most successful exposition in history."

### Attorney-General Webb Changes Church Ruling

SACRAMENTO, Sept. 10.—In answer to a request from Mrs. Florence McCoy, president of the San Diego W. C. T. U., Attorney-General Webb has amplified his recent ruling that churches using their buildings for purposes other than religious worship pay taxes by defining religious worship as service making for better morals and spiritual activity, thereby permitting all meetings for the discussion of economic or philosophical questions, if incorporated with a scriptural reading or prayer.

### CALIFORNIA PIONEERS OBSERVE ANNIVERSARY

SAN FRANCISCO, Sept. 10.—The Society of California Pioneers yesterday celebrated the sixty-fourth anniversary of the state's admission into the Union, and at the same time commemorated the sixtieth anniversary of the society itself by an excursion and picnic to Fernbrook park, Niles Canyon.

Although there are only about a hundred of the original pioneers left, a number of these were present, the majority of them being descendants of the original pioneers. The day was a most successful one, with many interesting features. The day was a most successful one, with many interesting features.

### STUDENT LIVES IN OCEAN CAVES

Stanford Man Believed Crazy,  
Is Sought by His  
Relatives.

SANTA CRUZ, Sept. 10.—Somewhere along the rugged surf beaten coast between Capitola and Watsonville, Harold Hannibal, a 24-year-old geology student of Stanford University, lost and half crazed by illness, is living in a cave, eating raw clams and sea food, while searchers led by his father, W. H. Hannibal, a wealthy rancher of San Jose, have been unable to find him.

A strangely worded letter presumably written by young Hannibal gave his parents the first definite clue as to his whereabouts. Hannibal has been missing from his home in San Jose for more than two weeks, while the police and searching parties made up of Stanford students have conducted a systematic search over Santa Clara county. The young man wandered away from home, his father says, while he was recovering from typhoid fever.

Hannibal has been seen along the cliffs and beaches on Monterey bay several days. The fishermen tell of his living in a cave, eating raw clams and what sea food he could gather along the beach and from the rocks. His peculiar actions, apparently shy when ever one approached him, and other strange actions attracted their attention.

The letter which young Hannibal wrote to his father is rambling. He says when he "came to himself" he was between Gilroy and Watsonville and decided to proceed to the coast. He does not tell whether he left home by train, automobile or foot.

The elder Hannibal believes that his son is still alive, although for a time it was feared that he might have been drowned by falling from a cliff during a sinking spell brought on by his fever.

Young Hannibal was one of the most prominent students at Stanford University. He was a member of the Geology and Mining Club. He was graduated from the San Jose High School several years ago and has received his degree at Stanford. He was taking up post graduate studies. His father, W. H. Hannibal, is one of the wealthiest orchardists of Santa Clara county.

### WEST IS HOARDING, JUDGE LOVETT SAYS

NEW YORK, Sept. 10.—Returning from an inspection trip, R. S. Lovett, chairman of the Union Pacific, declared yesterday that persons throughout the West are locking up their money instead of spending it, owing to a feeling that this country will suffer from the European war. Judge Lovett said:

"Railroads in the West will enjoy good tonnage from the crops, and their revenues are assured, but with the slowing down in mercantile lines and the falling off in passenger traffic, this gain from crop tonnage is being offset, and I fear this will continue to be the case."

"Naturally, the war has obscured for the time being the effect of the tariff, but best sugar interests and wool growers throughout the West still feel that they have suffered injury at the hands of Congress in the last tariff revision. It is not expected that this would mean serious curtailment of production at once, although that may follow."

### ARGENTINE BEEF CONTROLLED HERE

Entire Output in the Hands of  
American Packers, Food  
Commission Learns.

NEW YORK, Sept. 10.—Beef packers of the United States are now in absolute control of the Argentine output of beef, thus destroying the value of Argentine beef as a competitive check on the prices of native beef, according to testimony given before Chief Magistrate McAtee today at the inquiry into the advance in food prices.

Jacob Block, member of a firm owning meat markets in this city, asserted that every bit of beef from Argentina must now be bought from the American packers.

As an instance of how this control influenced the price, the witness stated that at one time beef hearts could be bought for 25 cents each. When the American packers obtained control of the Argentine output, he continued, beef hearts were put into cold storage, thus diminishing the supply, so that today the cost of these hearts is about \$1.50 each.

The packers have arranged the territory outside New York City.

### A SCIENTIFIC WAY TO REMOVE UNSIGHTLY HAIR

Apply a few Drops of El Radol, the Liquid Hair Remover, on the growth after washing off with a little plain water and a trace of it will remain. The ingredients in El Radol are used by many physicians for exactly the same purpose, which proves conclusively how perfectly harmless it is.

This wonderful preparation is the result of a long series of scientific experiments, and is proven a reliable method to remove trouble with hair growth on lip, chin, cheek, neck or arms. Use a simple application of El Radol to remove the hair. It is harmless, does not hurt, and is a few moments' work, leaving the skin smooth, clear and healthy. The action of El Radol is absolutely safe, sure and thorough.

El Radol is coming to be regarded by society women as indispensable as face cream or toilet water. It is used by the most refined and the most beautiful women of the world. It is used by the most refined and the most beautiful women of the world.

### 'LODI JACK' TO 'BUST' BRONCHOS

Noted Cowboy to Be Feature  
Attraction at State  
Fair.

SACRAMENTO, Sept. 10.—A thrill a second is promised lovers of cowboy sports at the State Fair, which opens on September 12 in Sacramento this year. Dozens of unbroken horses, outlaws and man killers will be gathered at the State Fair rodeo and the cowboys and cowgirls from all parts of the West will attempt to ride these animals daily. Lodi Jack, a famous rider and broncho buster, will be an attraction of the Wild West Show.

The Wild West Show is but one of many features of the 1914 State Fair. The directors have prepared a program of wide range for the seven days of the annual fair. There will be everything to amuse, from band competitions between the best amateur bands of the State to a head-on collision between two 60-ton locomotives.

The educational features of the fair have not been overlooked in the ambition of the directors to amuse the thousands that will flock to the exposition during the seven days and nights. The poultry and live stock exhibits will be larger than ever before. In the dairy department many innovations calculated to boost the dairying industry in the State by proving the efficiency of modern methods have been installed.

The exhibits of products, agricultural, mineral, viticultural, horticultural and industrial in the main exhibit hall will be on a grander scale than ever before attempted. Many California counties will have beautiful and exhaustive exhibits.

### JOHN FLEMING WILSON IN JAIL IN NEW YORK

PORTLAND, Sept. 10.—John Fleming Wilson, the author, formerly of Portland and San Francisco, has been arrested in New York, according to advices received by friends here, on a charge of attempting to leave the State in order to evade service in a divorce suit brought by his wife, Lulu Wilson. The author was unable to furnish \$500 bail, according to the report, and was committed temporarily to Ludlow street jail by order of the supreme court.

Mrs. Wilson charges to her divorce complaint that her husband has neglected and abused her. She accuses him of consorting with other women and with intemperate habits. She declares his income is \$12,000 a year and demands alimony.

Wilson married his wife here while he was editor of the Pacific Monthly several years ago. She had been a stenographer in his office.

### PENNSYLVANIA ROAD WITHDRAWS 68 TRAINS

PHILADELPHIA, Sept. 10.—In pursuance of its retirement policy inaugurated earlier in the year, the Pennsylvania railroad yesterday announced that 68 trains would be discontinued on the lines east of Pittsburgh and Erie beginning September 1.

On April 1 the company annulled 113 passenger trains and some weeks previous 12 trains were discontinued. In addition a number of trains were discontinued on the Pennsylvania lines west, as

### HOUSE DEBATES ON FARRIS BILL

Measure to Provide Leasing of  
Government Mineral Lands  
for Development.

WASHINGTON, Sept. 10.—Another of the administration conservation measures, the Farris bill to provide a system of leasing of coal, gas, oil, phosphate, potassium and sodium land, was up for debate in the house today. The measure provides a plan under which the government would open up the country's resources on public lands, so far either explored under acquisition of public domain for private ownership and exploration or else locked up by restrictive laws.

There are altogether 53,300,000 acres of coal lands, including public and private ownership. The bill affects between 35,000,000 and 40,000,000 acres of coal lands in public ownership. 2,870,671 acres of phosphate lands withdrawn, and 4,500,000 acres of oil and gas lands withdrawn. "No one can say," explained Representative Farris of Oklahoma today, "that the remaining 700,000,000 acres of public land do or do not contain certain deposits equally valuable with those already discovered."

### PROHIBITIONISTS WILL GIVE MOORE RECEPTION

The Prohibitionists of Alameda county will tender a reception to Clinton F. Moore, Prohibition candidate for governor of California, and to Fred F. Wheeler of Los Angeles, Prohibition candidate for United States Senator, at the parlors of the First Baptist Church, Telegraph avenue at Jones street, on Monday evening, September 14. In addition to the candidates mentioned, State Chairman Burr of Los Angeles and Harley H. Gill will speak.

COLDS are prevalent all during the summer and are harder to throw off than at any other season. Laxative Bromo Quinine removes the cause of all colds. It acts as a tonic laxative and "relieves the feverish conditions and Headache which are usually associated with colds."

After reading the accompanying label from the box of

An excellent remedy for Coughs and Colds. Relieves the Cough and also the feverish conditions and Headache which are usually associated with colds. The second or third dose will relieve the Cough and Headache and will move the bowels well within 8 or 10 hours, when the cold will be relieved. In treating colds it is very important that the bowels should move well every day. This preparation moves the bowels gently without griping, and arouses the liver and all the secretions to action. Directions.—Adults: two tablets 4 or 5 times a day and should be taken immediately after each meal. Children: 1 or 2 tablets 4 or 5 times a day. To just keep the bowels open freely until the Cough and Cold is relieved. Then take one-half the dose for a few days. Children who are not old enough to swallow pills, the tablet can be broken or cut in half; and given in proportion to age. To be swallowed without chewing. For headache, take 2 tablets every 2 or 3 hours until relieved.

### Corns Quit, Pains Stop, With "Gels-It"

Quit Plasters, Salves and What-  
Nots.

After using "GETS-IT" once you will never again have occasion for asking, "What can I do to get rid of my corn?" "GETS-IT" is the first sure, certain corn-cure ever known. If you have tried

other things by the score and will now try "GETS-IT," you will realize this famous fact.

You probably are tired of sticking on tape that won't stay stuck, plasters that shift themselves right onto your corn, contraptions that make a bundle of your toe and press right down on the corn. Put two drops of "GETS-IT" on that corn in two seconds. The corn is then doomed as sure as night follows day. The corn shrivels. There's no pain, no fuss. If you think this sounds too good to be true try it tonight on any corn, callus, wart or bunion.

"GETS-IT" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.

MISS MARGARET BRADLEY, WHOSE ENGAGEMENT TO ROY HERBERT ELLIOTT WAS RECENTLY ANNOUNCED. —Scharz photo.

THE fortunes of war have found the Tolna. It is necessary to go back to annals of the armies in San Francisco to recall the Tolna. Late in the nineties she sailed through the Golden Gate on a honeymoon cruise to the South Sea Islands. Now she is sailing on the grim errands of war. But remembering the honeymoon cruise she ended in disaster—not so violent a contrast as it might be for the Tolna.

It was the honeymoon of Count Festschitz and his bride. Countess Festschitz was Ella Haggin, granddaughter of Ben All Haggin and cousin to the Tevis clan and Mrs. Chamney Goodrich, who was Henriette Blandin a few weeks ago.

The Count was the son of a noble Austrian family, and still is, for that matter, but the Countess is a former Miss Withersbee of New York. There were two honeymoons on the Tolna.

Countess Ella's wedding trip was the first. She was a very beautiful young woman, with the hint of Orientalism in her beauty that all the Haggin had. The Count was dashing and handsome, and not nearly so impetuous as most European counts. It should have been an ideal honeymoon. But somewhere below the equator there was discord, and at San Jose the Countess left the yacht to sail home on a liner. The Count followed, and for a while the failure of the honeymoon was forgotten. Later there was a divorce.

Last week Count Festschitz, with the second Countess, arrived in New York, refugees from the Tolna, that had been seized by a French cruiser.

The Festschitzes were sailing peacefully in the Mediterranean when it happened, the Count said. War had not been declared when they left Cannes. A few days later an officer from the French ship and twenty marines stepped on board and called the Tolna back to Cannes. The Countess, being an American, was at once given her liberty. The Count, being an Austrian, had to make an escape. This he did and got into Spain. They sailed from Barcelona, leaving the Tolna with its romantic history that began in San Francisco bay, flying French colors.

### DANCE FOR MISS RAMSAY.

Miss Frances Ramsay, the fiancée of Miss Underwood, is being entertained at a number of informal affairs in the weeks of waiting for orders from Washington that will make it possible to honor at a number of the young people of Alameda and Oakland. A few of the guests will be Mrs. George Porter Baldwin, Miss Alice Dibble, who is a graduate of Wellesley and one of the interesting girls of the young set of Berkeley. Plans for the wedding are definitely settled, but it will be an evening affair at the McMillan residence, in Hillsdale.

### BRIDE-ELECT FETTERED.

Miss Ida Hale, who will be married to Constant Livingston in October, will be guest of honor at an informal tea to be given next week by Miss Theda Cook. On September 19, Mrs. Francis Case will entertain for Miss Hale, returning a luncheon at her new home in Alameda. Mrs. Case will be Miss Ida's bridesmaid.

### FOR MISS EMMONS.

Mrs. Joseph Cowan will be hostess at a bride party tomorrow afternoon at her home in Telegraph avenue, in honor of Miss E. E. Emons. About thirty guests will be entertained. The bride-elect will be Miss E. E. Emons, who will be married to Mr. Joseph Cowan next week.

### WEDDING NEXT WEEK.

One of the prettiest weddings of the month will be that of Miss May Higgins and William H. Higgins, Jr., at the home of the bride's parents in Berkeley next Tuesday evening. The home will be effectively decorated with pink and white flowers and ribbons.

## The Basest Passion

(By Lillian Russell)

Copyright, 1914, by LILLIAN RUSSELL.

OF all the human passions that harden the heart, that hurt the soul and make miserable the mind, jealousy is by far the worst.

It is the passion that breeds suspicion, that gives birth to lies, that turns woman into a sneak and sometimes into a criminal.

Jealousy gives to noble deeds the coloring of selfishness; it turns love to hate and crowds out all the noble and finer sentiments in the man or woman who cultivates it.

To have confidence in the man or woman you have sworn to love and cherish is one of the essentials of happiness in the home.

Confidence, once lost by a circumstance that might easily be explained if you ask for the explanation rather than put your own interpretation upon it, is hard to regain, and without that confidence life and love are barren.

Jealousy is not an inherent passion, but one that is cultivated. Its cure, absolute and certain, is a cheerful disposition and an optimistic mind.

Remember: It is human to err, and in no way more certainly than in judging the acts and motives of others.

LILLIAN RUSSELL.

### Answers to Queries.

**ELLEN.**—Police, or the right position of the body, is the first essential for health or grace. In order that there shall be no pressure on any organ in standing or a strain in walking, the weight must always be over the balls of the feet. This habit may be easily acquired by rising on the feet, then letting the heels so slowly down without tipping the body back. From this simple exercise one soon forms the habit of keeping the weight well forward. In this position all extra pressure is taken off the back.

**L. T.**—I will have to refuse again to give a hair dye to my readers. I do not believe in changing the color of the hair. Hair dyes are injurious to both the hair and scalp, and for this reason I do not give formulas for dyes or bleaches to my readers.

**BERYL.**—Deep breathing should be practiced the first thing in the morning and the last thing at night. Before retiring open your window, and before retiring open your window, and standing at the foot of your bed against a wall, fill your lungs, breathing through the nostrils with the mouth closed, until your lungs can hold no more. Retain the breath while you count from one to ten. Through the nose, counting seven. Do this five times. This exercise is fine for straightening round backs and throwing shoulders into proper place. If you will send me a stamped addressed envelope I shall send you complete instructions for deep breathing.

THE TEETH.—Part I.

Prophylactic dentistry means going to the dentist to have your teeth health preserved. The dentist goes over each tooth carefully looking out for any speck of decay, he cleans them thoroughly, any rough spots he smooths away, and a clean, healthy mouth is the result.

A person with a clean, healthy mouth is a person with a clean, healthy body. The mouth is the gateway to the body, and if it is not kept clean and healthy, the body will suffer.

## WOMAN OFFERS TO WORK FOR SOLDIER

Will Take Job to Allow Man to Enlist, She Says

LONDON, Sept. 10.—"Wanted—Petitions for women to work in the army"—is a sample of personal advertisements in the columns of a London paper since it has become evident that recruiting the army up to the strength desired by General Kitchener is to be slow work.

One elderly woman dressed in mourning is seldom missing from the crowd. She lost a son in the Boer war and has two sons with the Expeditionary Force. "I've learned to wait," she remarked to an officer who offered the daily excuse that the list was not yet completed. "It's her eyes out knitting and sewing for the man at the front, but somehow I feel better standing here than I do at home. I can talk to these younger women who are looking for news of their husbands. I know how to sympathize with them."

Many of the women have been trained in the army. Their nerves are shattered by their vigil and they denounce the patient officers for the slowness of the War Office in getting news from the front.

### GIRLS' GUEST DROPS FROM WINDOW; DIES.

NEW YORK, Sept. 10.—Alexander Withersell, a stock broker, aged twenty-nine, fell to his death from a window in the apartment of Miss Marian Thomas, aged twenty-two, on the fourth floor of No. 57 Madison avenue.

According to Miss Thomas she and Withersell had been out together and had just returned to the apartment. Withersell went to the window "to get a breath of fresh air and fall." She did not see him fall, she declared. Withersell had been living at No. 172 Madison avenue.

### SCHOOLS IN MEMORY OF PRESIDENT'S WIFE.

WASHINGTON, Sept. 10.—President Wilson yesterday consented to the raising of a national fund for the education of mountain youth in memory of his wife who died in August.

The fund will be raised by the women of the Southern Presbyterian Church and will be known as the Ellen Wilson fund for the Christian Education of Mountain Youth.

The Rev. Dr. Homer MacMillan of Atlanta, secretary of the Home Missions Committee of that church, is in charge of the movement. Many thousands of dollars have already been tentatively pledged to underwrite a number of contributions coming from Mrs. Wilson's admirers outside the Southern Presbyterian Church, of which she was a life-long member.

### SUFFRAGE ENDORSED BY POSTAL CLERKS.

WASHINGTON, Sept. 10.—The United National Association of Postoffice Clerks yesterday passed almost unanimously a resolution endorsing woman suffrage.

The association passed a resolution asking the Postmaster General to take immediate steps to secure control and operation of telegraph systems of the country.

### WOMAN LAUGHS AT THE GRAND DUKE.

LONDON, Sept. 10.—Most important among the social functions of the week here was the dinner given by the Countess of Craven (Miss Cornelia Martin of New York) to the czar's cousin, Grand Duke Michael Michaelovitch and his morganatic wife, Countess Torby, affectionately known as the grand duke's "Mickie," who is now 29 years of age.

At dinner the grand duke remarked that one day last winter while watching a golf match at Cannes, a very charming American woman among the spectators asked him:

"Could you point out the Grand Duke Mickie?" He introduced himself whereupon the woman exclaimed in a tone of contemptuous incredulity:

"You a grand duke? Oh, my!" and she ran off.

"I never felt so small in my life," the grand duke confessed.

### MRS. EASTON IS NOW RECOVERING.

SAN FRANCISCO, Sept. 10.—Mrs. Ansel M. Easton, who has been confined to her bed in the St. Francis Hotel for the past week as the result of an injury to her knee, is expected to be able to return today to her home in Easton, San Mateo county. Mrs. Easton suffered the injury in a fall. She is the grandmother of Mrs. Jennie Crocker Whitman.

### BERKELEY GIRL IS SHOT IN BELLY.

BERKELEY, Sept. 10.—Miss Louella Wehr, daughter of W. E. Wehr, 1520 Haight street, Berkeley, and a graduate of the State University, has written to her father from Berlin that she is safe, has plenty of money and is being treated with the greatest of consideration by the Germans. American correspondents are being well treated, the message states, and travelers' checks are being honored.

### MARRIED AND AWAY, ALL IN TWO HOURS.

SAN FRANCISCO, Sept. 10.—Two hours before they caught the steamer Tacoma for Honolulu, where they will pass their honeymoon, and without letting their parents know of their intentions, so it is said, Sidney Bibbero, son of D. Bibbero, 2861 Pacific avenue, and Miss Cornelia Sampson, daughter of Dr. A. F. Sampson, 3389 Washington street, were married at 11 o'clock yesterday morning by Rabbi J. Nieto in his home, 2335 Clay street. It is understood that Miss Bibbero had been secretly engaged to the bridegroom.

## TOYMAKERS HAVE QUIT GIRLS TO DRESS DOLLS

German Situation Does Not Worry Oaklanders

Oakland children are sewing with redoubled vigor since the German toymakers have dropped needles and

AN OAKLAND GIRL RECEIVING INSTRUCTION AS A SEAMSTRESS, THAT SHE MAY FASHION HER OWN DOLL CLOTHES.

glue to take up arms against the allies. Dolls and doll wardrobes will not come from across the water this year so the old dollies must not suffer from the cold.

"It is a bad war," say the dolls of last year, "that does nobody any good." For once they are to be beautifully dressed—and by home talent. Sewing is one way to train the brain, according to the psychologists.

### It is a form of education. So, in spite of feminism and shop windows wonderfully queer and gay with clothes, people continue to learn to sew. Every progressive school includes sewing in its curriculum these days, and the useful art forms an important part in the training of subnormal children, as well as the more fully developed school. In the needlewomen of Europe quite go back on us there will be some provision for the future American garb.

### OAKLAND'S BOYS & GIRLS.

Pupils Practice Will Entertain

CHILDREN UNDERGO PHYSICAL TESTS

Examinations of Public School Students for Health Record.

Immediately after the opening of the Oakland schools in July, Professor G. H. Fund, superintendent of physical education, commenced his work upon the examination of the posture of the children in all the grammar and primary classes. Every child entering a school will be given a test and the record of his posture will be placed in the rooms of the Oakland Board of Education. In January, Professor Fund will again examine the pupils and report upon the individual improvement in the physical development.

The standards of posture have been established as follows:

A perfectly straight neck and well formed chest is rated at 10 points.

An almost perfect condition will be rated at 9 points.

A normal condition will be rated at 8 points.

An almost normal condition will be rated at 7 points.

A slightly stooped back and corresponding low chest at 6 points.

A stooped back and corresponding low chest at 5 points.

A very stooped back and corresponding low chest at 4 points.

An exceedingly stooped back and corresponding low chest at 3 points.

Any pupil passing with record 3 or over has passed the test.

### MOTHER MONUMENT FUND NEARS \$7500

SAN FRANCISCO, Sept. 10.—The \$7500 mark has almost been reached in the fund collected throughout the State for the Pioneer Mother monument, which is to be a feature of the Panama-Pacific International Exposition and later a permanent attraction in San Francisco.

The monument will be in San Francisco by January 1. It is now in the studio of Charles Crafts of Philadelphia, one of the country's best known sculptors.

Donations for the fund are being received by Miss Caroline A. Snook, treasurer, 705 Exposition building.

### URGENT GUARD TO RIN.

BERLIN, Sept. 10.—James W. Gerard, the American ambassador to Germany, received several telegrams yesterday asking permission to launch his candidacy for the United States senatorship from New York state. The senatorship is vacant, but Gerard does not invoke his return to New York to make a campaign, as he does not wish to leave his post here during the crisis.

### TECHNICAL SCHOOL STUDENTS WILL DANCE

An informal invitation has been issued to the students of the Oakland Technical High School to attend the first dance of the fall season to be given Friday evening, September 18, in Maple hall.

An introductory committee composed of upper class students will introduce the boys and girls to the committee are Alice Spencer, Mildred Boyman, Hazel Wortham and Louis Boyer. The dance committee includes Les Cole, chairman; Carolyn Norman and Vera Stevenson.

Tennis is absorbing the attention of the girls of the school. Among the stars of the team are Hazel Wortham, Doris Buchanan, Alice Becker, Cora Church, Gladys Bradner, Marie Laurent, Margaret Johnson, Mame Cordova, Rosetta Armstrong, Dorothy Richards and Carolyn Norman. The team practices at De Freney park playground court every Tuesday and Friday afternoon.

Before the lapse of another month the girls' rowing club will enjoy a cruise on Lake Merritt. They have not as yet announced their schedule of aquatic events. The girls will probably row every Friday afternoon.

Excellent work has been accomplished by the girls' basketball team and the players expect to make a record before entering their new school.

Well said last evening that the first he knew of the proposed wedding was half an hour before it took place, when Bibbero telephoned him to meet him at the bride's home. Well said he was the only one who went to the dock to see the couple off for Honolulu.

wood, for a compromise that would remove some opposition to the war tax bill and lead to early adjournment.

The freight tax will be 3 per cent of the transportation charges on all freight packages whether carried by rail or ship and will include express. It will not include parcel post. The shipper will pay the tax to the railroad, which will retain 1 per cent of the total amount collected and make returns to the Government on the basis of the freight bills.

There will be no stamps. The 50-cent tax on beer is on a barrel, which now pays \$1, making a total tax of \$1.50. Domestic wines paid various taxes.

Chairman Underwood said he believed the bill would be approved by the President and the Democrats in Congress. It is estimated that the net revenue from the freight tax will be \$65,000,000; from beer, \$33,000,000, and from domestic wine, \$9,000,000. The latter will be assessed against those wines "hereafter manufactured and sold, or hereafter removed for sale." It will not affect wines manufactured not for sale.

"As an illustration of the operation of the freight tax," said Underwood, "a man who does a business aggregating \$1,000,000 in freight bills would pay a revenue tax of \$300. A freight bill of that size would indicate an actual business of \$1,000,000 or \$1,500,000. A \$300 tax spread over that amount of business would be infinitesimal and could have little or almost no effect on retail prices."

Representative Underwood plans to introduce the bill tomorrow.

### CALIFORNIANS ADDRESS NATIONAL TAX ASSN.

Yesterday's session of the eighth annual gathering of the National Tax Association in Denver was presided over by John Mitchell of Oakland, president of the California Board of Equalization. A large audience heard a paper on "Tax Conditions in California," written by Professor Carl C. Fitch of the University of California, and read by Mitchell. State Controller Chambers of California addressed the convention on tax

# ATHLETIC HISTORY IS MADE BY SECOND ANNUAL TRIBUNE RUN

## MILLARD AND VLUGHT WILL NOW GO TO FRESNO Great Success of Second Annual Tribune Run Shown by 93 Prize Winners

Well, the second annual TRIBUNE Modified Marathon is now only a matter of athletic history. When Chairman Herbert Hauser, secretary of the Pacific Amateur Association, presented the fifteen medals, two silver trophies, and orders for over seventy silver bars from the stage of the Pantages theater, and the boys had got done cheering the winners and THE TRIBUNE, the last chapter had been finished on a red-letter occasion.

Athletic history today is made by the second annual Tribune Modified Marathon. The winner, Oliver Millard, and his teammate, Bobby Vluht, and the remarkable conditions of the athletes who entered, twenty-five breaking the tape at the finish within the time limit of one hour. This is a wonderful showing and a record for the Tribune Modified Marathon.

No runner for such a race could be devised than the one around Lake Merritt where the small army of runners, their speed and endurance, yesterday morning. The entire course is practically level and three-quarters of a mile can be seen from Lakeside Park. A cool breeze is always encountered around the lake and the bordering green lawns have a soothing effect on tired eyes and straining muscles. The width of the boulevard allows the runners plenty of room, while the winding nature of the course relieves the monotony and adds a touch of picturesque to the scene. Thoughtless and excited spectators who tried to follow the leading runners in automobiles formed the greatest menace to the success of the race. At the start and finish, the police arrangements were perfect and the crowds were orderly. It would have required motorcycle police to have kept bicyclists and autos from tracking the runners, and this is probably what will be done next year.

E. V. Stout, one of the best two-milers in the bay region, set a terrific pace when the pistol flashed at 10:15, and Millard, Vluht, Lloyd and others had considerable difficulty in keeping him from taking too big a lead. Rounding the finishing point on the first lap, Millard caught and passed the leaders and was setting the pace which eventually brought him home a winner. Stout was second, Bobby Vluht third, and Clair Lloyd fourth. Millard covered half the distance in 45:15 and when this time was learned, experts generally figured that the Olympic wonder would be the victor.

Millard had been in the mountains for a month in training. His condition was superb. The Olympic Club which entered but four men had the pleasure of seeing each entrant return a medal winner. Millard, Vluht, Basil Spurr and Albion all coming in amongst the first fifteen. Had a fifth runner come from the Wings, the organization would without doubt be the possessor today of the handsome silver cup which was carried off for the second time by the San Francisco Y. M. C. A.

St. Mary's College entered 45 runners and 22 of them crossed the finishing line within the appointed time, assuring the entire prize for St. Mary's College. When Coach Lee was presented with the handsome trophy last night at the Pantages Theater the students applauded vociferously as it was generally regarded as a fine omen for the future success in the coming season.

Referee Herbert Hauser made the official announcement that Louis Freitas, one of the entrants, has been indefinitely suspended by the P. A. A. for finishing improperly, and all others who entered the race but did not start, stand suspended also until they have furnished proper excuses.

Another announcement by Hauser of great interest to all was the news that the Fresno Republican which gives a race similar to that of THE TRIBUNE at Fresno the latter part of this month has agreed to pay all the expenses of the runners of the first and second men to finish in THE TRIBUNE race. Thus Millard and Vluht will make the trip to Fresno as the guests of the Republican and will be there during the week of the A. A. U. championships.

Oliver Millard, the winner, was not called for when the winners were announced last night at the Pantages theater remain in the custody of the sporting department of THE TRIBUNE and may be obtained at any time by the fortunate athletes. Those who hold orders for silver bars may obtain them from the engraver, Edward Jones, 906 Broadway, Room 8. Orders were issued in order that the boys could have either a pin bar or one linked on to last year's bar.

Herbert Hauser, chairman of the committee which handled the race, and referee as well, had the highest praise for THE TRIBUNE in his speech at Pantages theater last night.

"THE TRIBUNE is doing a great work for the community," said Mr. Hauser. "In teaching youth and young men the value of clean, healthy, body and mind, courage and endurance. It is costing THE TRIBUNE a great deal of money, but the paper is laying the foundation for what will become the racing classic of the Pacific coast. I never saw a race better run under such ideal conditions. It is a beautiful struggle and everyone deserves congratulations."

Oliver Millard, the winner, said "I want to thank THE TRIBUNE for this handsome medal. It is the finest thing I have ever seen as an amateur reward. The workmanship is exquisite. I love to run just for the pleasure I get out of it. Of course I would prefer to run on a dirt course, but otherwise, the run around Lake Merritt is as fine as could be devised."

Bobby Vluht, who came in second and got a diamond and gold medal practically the same as that awarded Millard, was also highly delighted.

"It was a great race with everything handled so well. I was in the line to have my own out and was in wonderful form and I was too much for me yesterday. I was bothered a bit by a cramp of my right leg but I was able to run a good race and it would be a wise plan to have mounted police around the track to keep the runners from being disturbed by the crowd."

H. L. Morton, last year's winner, was stricken with a pain in his side when a mile from the finish but his father who followed in an automobile could not make the boy save up though he was apparently in distress. Morton had been in about the same time that he negotiated last year, so it

### PLAYER HERBERT OF FEDS "PUT OUT"

NEW YORK, Sept. 10.—Herbert, a pitcher with the New York Federal League club, was put out of the game yesterday after being hit by a ball during the afternoon game at the Polo Grounds. He is expected to be out for some time.

### START & FINISH Tribune Modified Marathon

### KELLEY IS CONFIDENT OF DEFEATING GRUNAN

Johnny Dundee's Stalemate Expects to Dispose of Foley's Lightweight Friday.

Confident of defeating Ralph Grunman next Friday night and wearing a home with the San Francisco sporting public, Eddie Kelley, Johnny Dundee's stablemate, is training his hardest at the Association club's gymnasium for his four-round main event. Kelley put in some hard licks yesterday and a good sized crowd was on hand to witness the New Yorker go through his training stunts. Kelley shapes up like a clever youngster and says there is no boy around these parts who can beat him in a four-round fight. Kelley has been fighting much in six round affairs so the distance should especially please him.

### MUCH RIVALRY EXISTS BETWEEN AZEVEDO AND BURNS

The question as to who deserves to be called "champion of the Pacific" in the lightweight class is scheduled to be settled when Joe Azevedo and Frankie Burns meet at the Piedmont pavilion on the 22d of this month. The holder of the title was Frankie Burns, but owing to the latter's not being in the limelight much during the past year, Joe Azevedo grabbed the title on the occasion of his last appearance against Charley White.

### Overland Cars in Tribune Marathon.

Much credit of the success of THE TRIBUNE's Modified Marathon yesterday was won by Oliver Millard of the Olympic Club, who is due to Manager J. T. Barnes of the Overland auto agency, whose two machines served as pilot car and physicians' car for the race. The Overland cars were supplied by Barnes and it is certain that when another similar occasion arises, the Overland people will be sought again.

### DIAMOND LEAGUE

The struggle for Coast batting honors is getting hotter with every week's series. Gus Fisher has regained his lead over Del Howard by spurring eight points above his last week's standing. Howard appeared at but six times in last week's series, hitting safely but once, falling off five points in his average from .335 to .350. Fisher is sitting at .357, improving over last week's average of .347.

Harry Wolter is crawling up on the leaders, jumping from .310 to .319. He is being closely pursued in his climb, though, by Justin Fitzgerald, the speedy Seal gardener. Fitz is sitting at the nice clip of .314, a gain of six points over last week's standing.

Following are the records of the Coasters hitting .200 or better. Most of the latter have played badly. Gardner with .304 being the only man in the charmed circle. Ness has a mark of .295 and Alexander .295. Quinan is .291.

Carlisle, Wolter and Maggart are all tied for the leadership of the run getters. The leading ten are:

Quinan and Middleton are still among the ten leading pinoch players, but Bill Rodgers of Portland has a safe lead.

Johnny Williams, the Hawaiian pitcher, joined the Vets yesterday. He has been loaned by Detroit for the rest of the season, and reports that he is ready to step into the box.

T. S. A. Smith was not on the bench, but Happy says the pitcher is still with the team. No action was taken in the fight between Smith and Borbon, but the latter is still carrying around one beautiful black eye as a reminder of the fray.

### DREW RUNS HUNDRED YARDS IN 9 4-5

WORCESTER, Mass., Sept. 10.—Dunne from scratch Howard P. Drew, carrying the colors of the University of Southern California, took the 100-yard dash in 9 4-5 seconds in his farewell appearance at the electric light carnival of the New England Fair here last night.

Umpire Hayes was switched to Oakland yesterday to try the job of single umpiring.

### BRAVES INCREASE THE LEAD IN RACE

BOSTON, Sept. 10.—Boston increased its lead in the National League pennant race yesterday by breaking even in a double header with Philadelphia while New York was losing. The second game, which Boston won 7 to 0, after losing the first 10 to 5, was marked by a no-hit, no-run pitching performance by one of the recruit pitchers, Davis, formerly of the New York Americans. He was wild at times, filling the bases in the fifth, with none out.

## Tee Up! Smoke Up!

As satisfying as the sounding smack of the perfect drive, is the open-air relish of the perfect smoke—Tuxedo. Both go together, too. When you grab your bag and start for the links, grab up your tin of Tuxedo and take it along.

"Follow through" the snappy afternoon with Tuxedo. Put Tuxedo in your pipe and you will "put" the best. And at "the nineteenth hole" rest up and relax with a good, solid smoke of Tuxedo. That's the advice of good golfers everywhere.

## Tuxedo

The Perfect Tobacco for Pipe and Cigarette

It's worth your while to try Tuxedo. Especially if a sensitive tongue-prevents pipe smoking.

Tuxedo positively cannot bite—not even if you smoke pipeful after pipeful, as many as you can crowd into a day or a week.

Tuxedo is made of only the finest, choicest, selected leaves of perfectly aged Burley tobacco. It is made by the original "Tuxedo Process" which removes every trace of bite and sting and develops all the wonderful mildness, fragrance and flavor of the Burley Leaf in a way that no other brand of tobacco has ever successfully imitated.

STOCKING IS WORRY TO EDITOR

Next Year Everybody Will Wear 'Em White, He Reminds Girls.

Sept. 10.—The editor of the California, the college daily, is shocked. He is more than shocked, he is grieved into outright protest, by the "Show" in the issue of the 7th inst. The "Show" that shows the college girls. It has nearly driven him into a blind rage.

Said editor is Harry L. Dunn, of the senior class, and he is now this morning in his editorial column upon a humorous diatribe against the rainbow tendencies of co-ed stockings. The "Show" is a "Show" of the stockings. He says it is a "Show" of the stockings. He says it is a "Show" of the stockings. He says it is a "Show" of the stockings.

POESY LENDS DIGNITY. Then the poets took up stockings and that settled the matter. "Stockings," says Goldsmith. "Happy Herick," and "Rare Ben Jonson" found them easy themes. Old Chapman (of "On a First Looking into Chapman's Homer" fame) knew something besides Latin, for he wrote of the courtiers and ladies that "their legs were adorned with close long white silk stockings embroidered with gold to the middleleg." But jolly Robert Herrick hit the nail on the head when he wrote: "When as in silks my Julia goes, then (methinks) how sweetly flows the liquification of her clothes. . . . O, how that glittering taked me! It gets us, too. But doesn't that verse fit the state of affairs around this place?

It's up to every student to acquaint himself with the manifold aspects of "Stockings," now prevalent in the university. Now, stockings are everywhere. The archy has broken loose; color is riot. Not content with confining its dominion to the well-turned ankles and dainty feet of the lithesome co-ed, the flaming stocking is flaunting its color scheme at the mast-head of beauty.

COLORS TO MATCH. If the fillet that binds my lady's trunk ankle discloses a similar tint; if her chik that is trimmed with hellebore, the arrogant stocking demands its share of that pale color; if the fillet that binds my lady's trunk ankle discloses a similar tint; if her chik that is trimmed with hellebore, the arrogant stocking demands its share of that pale color; if the fillet that binds my lady's trunk ankle discloses a similar tint; if her chik that is trimmed with hellebore, the arrogant stocking demands its share of that pale color.

But, co-eds, you'd better "gather ye rosebuds while ye may. Old time is still a-flying. And the cruel war is about to cast its blight upon your hosiery. The fancy dye-colors come from Europe. They are sold in the country. They are sold in the country. They are sold in the country.

Co-eds, centuries of progress are at stake! Rally round the standard and join the battle cry. "We've got to do it. Hosanna! Hosanna!"

BERKELEY BOND ISSUE FAVORED BY IMPROVERS

BERKELEY Sept. 10.—At a regular meeting of the Telegraph Avenue Improvement club, held on September 7, it was unanimously decided to support the bond issue which is to be voted upon September 12. The club also decided not to antagonize the civic effort and water for the improvement of the city.

COLLEGE STUDENT SAFE. HAD BEEN THOUGHT SPY

Oxford Man Writes of European Travels

BERKELEY, Sept. 10.—Captured as a British spy in Germany because the German soldiers were unable to read his German, Tracy Kittredge of this city, graduate of the University of California, passed anxious hours at Bad Kissingen until the error was finally discovered. His mother, Mrs. Herbert Kittredge of 1605 Bancroft way, has heard of his final escape and is relieved.

Kittredge is a student at Oxford on a local foundation. He is a student at Balliol college in history, and had intended to proceed to Cyprus with a party of Oxfordians engaged in archaeological study. He was to meet the party at Trieste, but the war prevented and he returned to Bad Kissingen for a brief stay.

In the course of a walk from that place he brought up at small town nine miles distant. A party of German soldiers sighted him and, unable to read his passport when he presented these for their inspection, took him before the magistrate of the town. The latter was similarly handicapped, but was so impressed with the guileful seal on the papers that he concluded they were genuine and set Kittredge free.

"CAP" PHLEGGER SAFE. Kittredge has written also of the safety of Herman ("Cap") Phlegger, former football hero of the University and a graduate, who was supposed to be somewhere on the continent. Because of the German name Phlegger, he was supposed to be a spy, but he was safely returned to the United States.

The most recent letter from Kittredge bears the London date of August 19, and unlike previous letters which were delayed by the censor, it came sealed instead of opened, evidence of the censor's interference. He says: "I arrived safely in London last night after a peaceful crossing from Holland on a steamer crowded with American and Japanese refugees from Germany. At least 150 of our yellow brethren had seized the opportunity to make their escape from Germany before Japan delivered its ultimatum to the war lord of Europe."

"Here, for the first time, things are exceedingly quiet. Theaters and museums are open as if there were no war. A feeling of confidence pervades the people. England is sure now that the great fear of Germany is at last to be allayed by the complete annihilation of Germany as a world power. Reports of victories of the Belgian and French troops over the Germans, and the news of the gathering of the millions of the star on the eastern front, have given the German people a confidence that Germany will be fearfully and completely defeated. But we shall see!"

"Already the English papers are discussing what will be done to Germany after the war. The British government has pledged itself to a restoration of Poland to virtual independence within its old boundaries. To do this, large areas of Poland now in German and Austrian hands will be annexed to Russia. Denmark is to be given back Schleswig-Holstein. Holland will be given additional territory on the North Sea. Belgium will get Luxembourg and the country lying west of the Rhine."

France will take back Alsace and Lorraine, together with additional provinces to the east that will make the Rhine frontier. Austria-Hungary is to be dismembered. Germany is to be left in ruins. Hungary will be a vassal state of France. "Such are the hopes of England! Not small, are they? Germany will be compelled to disarm, and all Europe will enter a period of decreased armaments and of greater prosperity. Russia will be a world power. France will be a world power. England and France claim to fight for civilization, for peace and for humanity!"

AMERICANS IN LONDON. "Americans are flocking into London—18,000 are registered so far. A whole lot of them are here. They are being turned over to the committee, which is looking out for the interests of Americans. Money is being provided all those who have none."

The English army of 150,000 has been in Belgium. The English army of 150,000 has been in Belgium. The English army of 150,000 has been in Belgium. The English army of 150,000 has been in Belgium. The English army of 150,000 has been in Belgium.

It is said that one-third of Oxford is a field of battle. I noticed in the Times today that 40 or 50 members of the cadet corps here had been given commissions as second lieutenants. Several of my very best friends are in the army. They are in the army. They are in the army.

An interesting view of the participation of college students in the war is given by Kittredge in a letter he wrote later, after he had returned to Oxford. He writes:

"It is said that one-third of Oxford is a field of battle. I noticed in the Times today that 40 or 50 members of the cadet corps here had been given commissions as second lieutenants. Several of my very best friends are in the army. They are in the army. They are in the army."

The university buildings here have been turned into a hospital and all the colleges have emptied themselves of beds and linen for equipment. Balliol college has become the recruiting center for the army. The students are being trained for the war. They are being trained for the war. They are being trained for the war.

Miss Alice Nickerson, a graduate of the university here last year, has come from London to pay a brief visit to her brother, Mr. H. Nickerson of Benvenue avenue. Mrs. Mathias Hamilton is planning an informal tea for the afternoon of Saturday week in honor of Miss Katherine Jones, who recently announced her engagement to George Davenport Adams. Miss Jones' wedding is to take place in early November.

The first of the California soldiers was held last evening at Twentieth Century club and was attended by a large gathering of young people, chiefly of college connection. The dance was planned for the season, the next being after the big game in November.

Mrs. L. E. Gove has returned to her home in Oregon. Rev. L. A. Brown of Freetown has returned home after a thirty-week visit to his mother-in-law and sister. Mrs. G. H. Zerkle. Mrs. G. H. Zerkle. Mrs. G. H. Zerkle.

TRACY KITTREDGE

WAR TO BE HIS LECTURE SUBJECT

BERKELEY, Sept. 10.—The opening lecture of the series of lectures on the war, to be given by the educational department of the Y. M. C. A., will be delivered tomorrow evening at 8 o'clock at the building on Alameda street, at the corner of the Y. M. C. A. building. The lecture will be given by Dr. Tolson of the Pacific Theological seminary, who will deliver an address on "The European Conflict: Its Causes and Effects."

Dr. Tolson has had the opportunity for study of this situation since he has traveled extensively over Europe. He brings a message of once interesting and illuminating. He will be followed by a number of experts in the subject. The lectures will be given on November 3, 5, 7, 9, 11, 13, 15, 17, 19, 21, 23, 25, 27, 29, 31, and December 1, 3, 5, 7, 9, 11, 13, 15, 17, 19, 21, 23, 25, 27, 29, 31, and January 1, 3, 5, 7, 9, 11, ### DOG FEEDS MATE CAUGHT IN SHAFT

Steals Meat; Carries Food Till Animal's Plight Is Discovered.

DURANGO, Colo., Sept. 10.—"Chiflido," a prize winning Blue Kennel sheep collie, imported from Scotland by Rinaldo Martinez, one of the wealthiest sheepmen of southern Colorado, disappeared three weeks ago. A wide search for the missing dog was started under direction of experienced guides, but was given up two days ago when hope of recovering the valuable dog was abandoned.

It was observed at the ranch of Martinez that "Rosita," mother of the famous Rosita string of collies and mate of "Chiflido," for two weeks had vanished nightly, remaining away until about daybreak.

Employees of Martinez followed her one night but lost track of her in the darkness.

A night rider guarding the sheep herd of the Archuleta estate near Mount Baldy, three miles from the Martinez ranch, saw "Rosita" crawl stealthily up to the camp mess tent the next night. He watched her, she observed that she leaped a dozen times at the string of "jerked" beef and venison hung in front of the tent. He saw her gather strips of the dried beef in her mouth which she carried off. He followed.

He saw her stop above the opening of an abandoned mine shaft a mile away and drop the beef into the murky hole.

He investigated today. At the bottom of the shaft, twenty feet from the surface, he discovered "Chiflido." The dog had fallen into the opening. He was brought to the surface apparently none the worse for the experience through which he had gone. He had been saved by his mate.

He was returned to the Martinez ranch this afternoon. "Rosita" met him. Their greeting touched Martinez and his employees. "Chiflido" smothered his mate with canine kisses. She returned them. Though both are nearly ten years old they followed this with playful puppy antics. They have been mates for eight years and are considered the best sheep dogs in America.

Martinez has ordered a party of his men to board up every abandoned mine shaft within a radius of fifteen miles of his ranch.

### WOMAN KILLS SELF IN SAME WAY AS HUSBAND

LOS ANGELES, Sept. 10.—Ending her life in the same tragic manner as did her husband three years ago, Mrs. Margaret Clarke, 40, committed suicide by shooting herself with a revolver at her home, 309 North Alvarado street.

The suicide of her husband is believed to have been the cause of her ending her own life.

Ever since the day three years ago when she found her husband dead by his own hand Mrs. Clarke had been subject to fits of despondency, mourning the death of her husband.

Early today her body was found in the rear yard of her home. A revolver was clutched in her hand.

Mrs. Clarke lived with a friend, Mrs. M. E. Johnson.

According to the police report, Mrs. Clarke had been in ill health for the past few weeks and had frequently spoken of the death of her husband.

Coroner Hartwell, after a brief investigation, signed a certificate of suicide and the body was removed to the morgue of W. H. Sutich.

### SHOOTS ALLIGATOR IN HEAD; REPTILE ESCAPES

JUNCTION CITY, Kan., Sept. 10.—The alligator that has been making his headquarters in the Smoky Hill river, below the Hogan dam, was shot and seriously wounded by R. E. Steiner, who has hunted crocodiles in Africa and alligators in Florida.

Other marksmen who have peppered the alligator with small caliber bullets, were unable to wound him, as the bullets glanced off his thick hide.

Steiner used a high-power rifle and hit the alligator in the head, then went into the water with a large dip net and tried to land him.

Although badly wounded, the reptile dived each time the net came near him and got away.

### MRS. HAGAN APPEARS IN COURT FOR TRIAL

SAN FRANCISCO, Sept. 10.—Mrs. Olive Hagan, accused of slaying her sweetheart, Clayton Putnam, a young automobile man, appeared for trial this afternoon before Police Judge Sullivan. The young woman has been prostrated since the tragedy. Realizing that Putnam had become cold in his attentions to her, and angered at his refusal to aid her at a critical time, she came up from San Jose and shot him to death in his boarding-house on O'Farrell street, four weeks ago.

### How Thin People Can Put on Flesh

A New Discovery.

Thin men and women—that big, hearty, riling dinner you ate last night. What became of all the fat-producing nourishment it contained? You haven't gained in weight one ounce. That food passed from your body like unburned coal through an open grate. The material was there, but your food doesn't work and stick, and the plain truth is you hardly get enough nourishment from your meals to pay for the cost of cooking. This is true of thin folks the world over. Your nutritive organs, your functions of assimilation, are working out of gear and need reconstruction.

Cut out the foolish foods and fancy sauced diets. Omit the flesh cream rubs. Cut out cigarettes and the meals you are eating now and eat with every one of those little Sargol tablets. In two weeks note the difference. Five to eight good solid pounds of healthy "fat" should be the net result. Sargol charges your weak, stagnant blood with millions of fresh new red blood cells—gives the blood the carrying power to deliver every ounce of fat-making material in your food to every part of your body. Sargol, mixed with your food and prepared for the blood in easily assimilated form. Thin people gain all the way from 10 to 25 pounds a month while taking Sargol, and the new flesh stays put. Sargol tablets are a scientific combination of six of the best flesh-producing elements known to chemistry. They come 40 tablets to a package, are pleasant, harmless and inexpensive, and Osgood Bros. drug stores and other reliable dealers in Oakland and vicinity sell them subject to an absolute guarantee of weight increase or money refunded.

### Her Songs Please Audiences at FRANKLIN THEATRE

CAROLYN M. DODD AT THE FRANKLIN THEATRE.

One of California's favorite soloists, Carolyn M. Dodd, is appearing every evening at the Franklin theater, on Franklin and Fourteenth streets, as a special feature of the excellent program which is being given at the new motion picture playhouse. Miss Dodd has a rich soprano voice, and her rendition of her songs is most pleasing. For the last half of the week, commencing tonight, she will sing two songs from "The Firefly" and will introduce her new "California song," "California and You."

The picture portion of the program includes a variety of interesting subjects. Earle Williams and Edith Storey appear in a two-reel Vitagraph production, "Warfare in the Skies," which is said to contain a number of thrilling situations. "The Violin of M'sieur," another Vitagraph two-reel drama, and "The Tavern of Tragedy," in which a leading part is played by charming Dorothy Gish, are both reported as being very good pictures. There are also two comedies on the bill. The pipe organ recital by Edgar Baylies and the music by the orchestra complete the program.

For four days, commencing next Sunday, the Franklin theater is to present "My Official Wife," a five-reel Vitagraph production, said to be one of the greatest dramatic motion pictures of the year.

#### MACDONOUGH

The Macdonough Theater is being kept bright this week by Frank Craven's ecstasy of laughter, "Too Many Cooks," which is being shown for the first time in Oakland under the direction of William Brady, Ltd. "Too Many Cooks" comes direct from the Cort Theater, San Francisco.

"Too Many Cooks" is the first attempt at playwriting on the part of Mr. Craven, the hero of "Bought and Paid For" fame, and the real surprise is that as an almost unknown author he should have combined so much ingenuity, cleverness, genuine satirical humor and shrewd observation of human nature and, in addition, presented it in such novel form.

The "Too Many Cooks" of the title are the volunteer advisers of an ambitious energetic and altogether well meaning young fellow who, having fallen hopelessly in love, has set about the unhappy task of building himself a model suburban home as a preliminary to matrimony. Mr. Craven is seen in the part of the home builder, a role which he wrote specially for himself.

This side-splitting comedy will play this entire week at the Macdonough Theater with a matinee Saturday.

"Don't Marry Until You See 'The Ecstasy'" is the moral tag of the new tremendous feature films which will be shown at the Macdonough Theater, commencing next Sunday matinee and continuing all the week.

#### OAKLAND PHOTO

Built upon a big, gripping plot and distinguished by backgrounds of superior grandeur, Lubin's "The Wolf" is one of the most appealing plays of its class. From the moment the first complication appears, early in the first reel, until the final fadeout, the element of suspense is sustained by the numerous crises which bob up and down throughout are certain to keep the audience in a constant state of uncertainty. The fight between the two men near the close of the last reel is very effective. When one of the men seen to fall and it is impossible to see which one it is, a powerful crisis is developed, which is disposed of by having the victor strike a match, exposing the face of the man he has conquered.

Great care has been exercised by director, Barry O'Neil, in handling all the details of the production and it is in every way a true interpretation of the original play by Eugene Walter. The acting is splendid, each character being given a distinct personality. The work of Miss Ethel Clayton and George Soule Spencer and Ruth Bryant are the strongest in the cast, but every one of the supporting players carries his or her part perfectly and all are to be complimented on the production they have helped to make. "The Wolf."

Mary Pickford, a comedy and the latest Pathe Daily News will complete this bill. Sunday to Wednesday Jack London's "An Odyssey of the North," will be the feature with Hobart Bosworth, of "Sea Wolf" fame, in the leading role of "Nana."

#### IDORA PARK

In the role of Arthur Hummingbird, the "Prince of Liars," Ferris Hartman has some strenuous farce-comedy work out for him in the presentation of the musical comedy at Idora park this week.

Hartman makes a splendid Hummingbird and is well supported by the Idora cast. Myrtle Dingwall is cast as Rosa Columbler, the music hall dancer. She is chic and daring and with Patsy Noon, delights the audience with side new dances and songs of the ultra-modern type. Her costumes also fall into this classification.

"The Prince of Liars" will continue being until Sunday night, with extra fabrications at the matinee Saturday and Sunday.

"Masque," Audran's light opera masterpiece, will see a big revival next week, opening Monday with Myrtle Dingwall in the title role. Dancing in the grill garden and skating in the big roller rink continue to be big attractions at Idora.

home in California, sings in a way to delight lovers of real music.

Cole and Denaby, in some wonderful terpsichorean creations delight the crowd; Ann Tasker is in her last week presenting Frank Fidler's great skit, "Fanning a Tartar," Nadelny, a comedy juggler, rounds out the bill.

#### BROADWAY

J. Hartley's Manners' big problem play, "The House Next Door," opened at the Broadway for the last four days of the week. It was financed by the Luben company, which produced such masterpieces as "The Lion and the Mouse," "The Wolf," "The Gambler" and "The Third Degree." "The House Next Door" is said to be one of the really notable films of the season and from the general comment from the large holiday crowd, it seemed to be the unanimous opinion that it is a wonderful film. The various characters are enacted by an all-star cast, headed by George Soule Spencer and Ethel Clayton, both of whom have gained considerable fame by their work before the camera.

The picture is characterized by superb scenic embellishments, dramatic situations and clever acting. The human interest is well sustained throughout. The story follows closely the stage presentation, which scored a tremendous success.

"The Bank Burglar's Fate," a two-reel offering on the same bill, was written by C. D. Browne of the Minnesota Bankers' Association, and clearly shows what a bank burglar can expect as a result of his crime. Its author had a dandy story to tell and the producer had the skill to make that story tell powerfully on the screen. Acting, staging, photography and in fact everything about the picture is the best. Then comes the roaring comedy two-reel Keystone that just causes the house to shake with laughter and positively makes one of the most worthy programs that could possibly be put on one bill.

THE TRIBUNE has at your disposal the finest equipped Job Printing Office in Alameda county. Prices right and the work to your satisfaction.

#### PANTAGES

At the conclusion of the matinee performance Saturday, at the Pantages Theater, patrons will be offered a new thrill by the Carter, the world famous magician who is presenting his sensational illusion, "The Lion's Bride" this week. Carter will hold a stage reception and after demonstrating some new achievements in sleight of hand, will then have the attendants feed the big lion, Nero. The latter is one of the largest and most ferocious of the forest bred beasts in captivity and his roars and growls can be heard all through the auditorium; however, every precaution will be taken by Carter and his assistants so that there will be no danger to those watching the feeding of the huge lion.

The lion was purchased by Carter from the government of Portugal after King Manuel was forced to abdicate. Manuel had given the beast to Gaby Dealy but the favorite of the king was in no position about that time to remove her gift from the capital, so when Manuel fled, the government desired to get rid of the fierce beast and as Carter had in mind his illusion in which he required a lion, he promptly made an offer for the King of Beasts which was gladly accepted by those in power and Carter has since exhibited the lion all over Europe in his illusion, "The Lion's Bride." On Friday afternoon, after the matinee, Miss Nadje, the perfectly formed physical culture girl, will give an illustrated lecture to the ladies only. The title of her discourse will be "Beauty and Health." Other acts on this week's bill that are pleasing patrons are Ross and Sammen, the New

## Speaking Directly Into The Transmitter

THE transmitter of the telephone is the result of years of study and experimentation by telephone engineers. It is of delicate adjustment and its fullest efficiency can only be obtained through proper use.

The lips should not be more than an inch from the transmitter, and the voice should be clear, not loud.
